EIGHT PAGES TODAY

QUARANTINE WILL
BE RAISED SUNDAYUnless Unforeseen Complications
Arise, Church Services Will Be
Permitted As Usual

SCHOOLS TO REOPEN MONDAY

Possibility of Fresh Outbreak, But
Health Board Believes Crest of
Epidemic Passed

Unless some unforeseen complications develop, the quarantine which has been operative since the diphtheria epidemic broke out will be raised Sunday, thus permitting the holding of church and Sunday school by the churches of the city as usual. On Monday, if this program is followed out, and there is every reason to believe it will, the schools will reopen.

The situation in regard to the diphtheria is unchanged insofar as any new cases are concerned. No cases were reported today and those who are ill are reported to be getting along as well as could be expected.

Dr. E. I. Wooden, secretary of the health board, stated today that the board had decided to permit children to attend church services Sunday and that in effect this would mark the lifting of the quarantine. He pointed out that with the schools opening Monday, the board could see no good reason for not lifting the quarantine one day earlier and thus permit the churches to hold services.

Of course, there is a possibility of a fresh outbreak of the disease and should this come Sunday the schools will again be ordered closed at the last minute. The health board, however, believes the danger is past and that the crest of the epidemic has passed.

There is every reason to believe that additional cases will develop, but it is hoped to confine these to families already under quarantine and in this manner prevent a general spread, which was threatened when the schools were ordered closed.

The two Stucker children, the latest victims, who for a time were in a critical condition, are recovering rapidly and no more fatalities are expected.

LIKELY TO BE SENT
WITH THE NEXT QUOTAFour Selected Colored Men From
This County Will be Stationed
at Camp Taylor

WORD FROM ESCHBACH TODAY

An inquiry received today by the local selection board from Jesse Eschbach, state conscription agent, regarding the number of colored men in the Rush county quota to be sent to Camp Taylor, is the first definite indication that preparations are being made to send the colored men to the camp.

Rush county will have four colored men to send to the camp when the call comes and from indications they will be sent with the next quota. No date has been set for the sending of the remainder of the selected men to Camp Taylor. The four colored men included in the list are Nathan Wills, Roy Evans and James W. Glass of this city and Liford Watkins of Carthage.

Dispatches from Camp Taylor indicate that the quarters for the colored troops are nearing completion and it is believed here that within the next two weeks the final quota will be sent.

The funeral services of William J. Kirkpatrick were conducted this afternoon at 1:30 o'clock in the Presbyterian church in Mays and burial took place in the Center cemetery.

PLAN PATRIOTIC MEETING

Noble Township Citizens Will Have
Gathering Next Wednesday.

A patriotic meeting of the citizens of Noble township will be held in the school auditorium next Wednesday afternoon at two o'clock. The day which President Wilson proclaimed Liberty Bond Day. A program will be rendered and will include recitations, music and speeches. Everyone is urged to make Wednesday afternoon a half holiday and attend. War conditions will be discussed in the address, but it is not known who the speaker will be. The meeting will be in the interests of the Liberty Loan campaign.

TO ELECT TWELVE
BOARD MEMBERSAnnual Meeting of Red Cross Will
be Held at Court House As-
sembly Room Wednesday

IS CALLED FOR TWO O'CLOCK

Annual Report of Treasurer Will be
Heard—Board Will Elect New
Officers

The annual meeting of the Rush county chapter of the American Red Cross will be held in the court house assembly room next Wednesday afternoon at two o'clock to elect twelve new directors to succeed those whose terms expire at this time, to hear the annual report of the treasurer and to transact any other business which may come before the meeting.

The annual meeting was called by the executive committee, which met last night at the Peoples National bank to consider this and other matters. Immediately after the election of the twelve directors, the board, consisting of thirty-six members will meet and elect officers.

A committee was also appointed last night to consider changes in the by-laws and will likely make a report at the annual meeting. On account of the method of procedure in election of officers provided in the present by-laws, suggestions have come from headquarters that they be modified along certain lines or be changed to suit the chapter.

The present by-laws provide that the executive committee shall call the annual meeting and that it shall name a committee, which shall consist of the chairman of the chapter, the chairman of the executive committee and three other members of the Red Cross, which shall nominate the persons to be submitted to the annual meeting of the members for election as directors. The nominating committee is composed of E. B. Thomas, chairman of the chapter; R. E. Mansfield, chairman of the executive committee; Frank McCorle of Milroy and Mrs. C. L. Smullen of Raleigh. The fifth member is yet to be named.

The executive committee very easily adjusted with representatives of the Masonic Temple association, the question of heating Red Cross headquarters this winter. The committee believed that the association was entitled to some compensation for the extra heating required because the Masons do not heat the Temple during the day except on rare occasions.

The twelve directors retiring are: Jesse Henley, Ripley township; Samuel Offutt, Posey; E. B. Lowden, Walker; D. O. Aker, Orange; W. L. McKee, Anderson; A. L. Gary, Rushville; O. M. Siler, Jackson; B. B. Benner, Center; Dr. C. L. Smullen, Washington; W. M. Martin, Union; Roscoe Titworth, Noble and William Fisher, Richland.

The Home Guard company will drill in the corridors of the court house tonight at seven-thirty o'clock.

PLANS MADE FOR
LIBERTY LOAN DAYCounty Chairman Orders Sample
Sermons From Which Minis-
ters May Glean Facts

LOOK FOR AIRCRAFT HERE

Although no Definite Word is Re-
ceived, it is Expected One
Will be Here Saturday

The chairman of the county Liberty Loan committee has ordered fifteen copies of sample sermons from which Rush county pastors may get information regarding the Liberty Loan for their Liberty Loan Sunday sermons, which will be preached in all churches of the county Sunday morning. Twenty-five hundred copies of "The Star Spangled Banner," have been printed and will be distributed among the churches of the county and it is planned for every congregation to sing the song at ten o'clock.

So far as the Liberty Loan organization here knows, there will probably be an aircraft of some sort over the city Saturday, which will drop bombs containing information about the Liberty Loan. One bomb will be addressed to the mayor of the city and anyone finding it is requested to deliver it to Mayor Beabout or some city official who will see that he gets it.

Several days ago, as mentioned in the Daily Republican, a general circular was sent to all county chairmen announcing plans for the air flights. It was stated that one of the flights would be from Wright aviation field near Fairfield, Ohio, to the Speedway near Indianapolis, but the route was not given. It is the opinion of the local chairman that more than one machine will make the flight over each route and that at least one of them will follow the route from Wright field to the Speedway by way of Liberty, Connersville, this city and Morristown.

A bulletin to county chairman just received says that there is in Chicago headquarters a limited supply of flag bombs, salute bombs and bombs which on exploding, distribute cardboard discs about the size of a dollar, on one side of which is reproduced the Liberty Bond button, and on the other, "Buy a Liberty Bond." It was stated that a limited supply of these bombs and their cost precludes the possibility of any large distribution, but a few can be provided on wired request. The local chairman ordered some of these by telegraph and is expecting them soon.

Bonds of the Second Liberty Loan can not be issued to purchasers until November 15, so anyone who subscribes now need not expect them before that time. Many who subscribed to the First Liberty Loan have not received their bonds. They will save the banks and themselves considerable trouble if they do not insist on getting their bonds before Nov. 15, because all three-and-a-half years will have to be exchanged for fours anyway, due to the clause in the first issue providing the interest shall be that of any future issue.

The Princess theater will show tonight and tomorrow a reel entitled "Patriotic Episodes of the Second Liberty Loan." This picture is of especial interest since the Loan campaign is now in progress.

CONSPIRATORS GUILTY.

(By United Press.)

Abilene, Tex., Oct. 18.—Three men charged with conspiracy against the government were found guilty today by a jury which had been out since Tuesday night. The three men were officers of the Farmers and Labor Protective association. They were convicted of "conspiring to overthrow, put down and destroy by force the government of the United States and to levy war against it."

IS GIVING FIRST
AID INSTRUCTIONInfirmary of 139th Field Artillery is
Teaching Men of Batteries at
Camp Shelby

HAS NO HORSES OR MULES

Sec. Lieut. B. E. Dappen is Assign-
ed to Infirmary as Veterinary
to Look After Animals

(Special to the Daily Republican.)

Camp Shelby, Miss., Oct. 18.—The infirmary of the 139th Heavy Field Artillery, formerly the sanitary detachment of the Fourth Indiana regiment of infantry which was recruited at Rushville, Ind., is now engaged in giving first aid instruction to the men of the batteries in the 139th.

The 139th has received no horses and mules yet, but will in a short time, it is believed. William Kellar has been tabbed "Ben Hur" as he seems to be the psychological fellow to look after the donkey.

In addition to Lieutenant Hale Pearsey of Rushville, Ind., who has been appointed dental lieutenant of the infirmary, as previously announced, Second Lieutenant E. B. Dappen of the Veterinary Reserve Corps, has been assigned to the infirmary to look after the animals of the regiment.

Wilbur Spivey and Jerry Sullivan have started the "Infirmary Laundry, Incorporated." They have equipped themselves with a galvanized iron tub and wash board and do the boys' washing at cut rates. Wilbur is office manager of the laundry and looks after the books and Jerry looks after the washing end of the same. His arm is big enough to take in two or three washings every day, may how. They have the "Girls Wanted" sign out and desire to employ only those who have had experience.

Berlin Caldwell is also talking of starting in business. He is looking for some dago shoe shiners for his hoe shining parlor, but says not to send him any black folks, as there are plenty of black jabs down here.

The sergeants have been given nicknames as follows: McBride, pick and shovel sergeant; Chipman, read and butter sergeant; Craig, oots and saddle sergeant; Gottman, en and ink sergeant.

McBride has been having his brigade out doing pick and shovel duty, digging trenches to carry the rainwater off of the tents. Chipman looks after the mess, Craig the horses, harness, etc. and Gottman, the writing end of the infirmary.

To give an idea of the units in his camp the following list is a copy of that given out by Division Headquarters: 75th Infantry Brigade, equal to or rather made up of 2 regiments of infantrymen, each regiment made up of 12 companies with a war strength of 150 men to each company.

76th Infantry Brigade, with an equal war strength.

63rd Field Artillery Brigade, made up of 2 regiments of Artillerymen, each regiment having 6 batteries of field artillery, either equipped with "3 or 6" guns, war strength of each battery 216 men.

113th Engineers, made up of 4 battalions, each battalion consisting of 4 companies of about 125 men each.

113th Field Signal Battalion, 4 companies of 90 men each.

Divisional trains.

63rd Depot Brigade.

Divisional Machine Gun Battalion, consisting of 4 companies, each having a war strength of 225 men.

Division Headquarters (where the high mucky de mucks hang out).

Base Horse Pistol.

Remount Depot.

Camp Quartermaster.

Lt. Samuel C. Murphy, who was with the infirmary has been assigned

WEEK TO BE OBSERVED HERE

Food Conservation to be Urged and
Girls to Seek Signers.

Preparations are being made for the observance of Food Conservation Week here. The special week will begin on Sunday, October 28, instead of October 21 as previously announced. It was postponed one week so that the program would not interfere with the Liberty Loan campaign. The ministers will be requested to preach special sermons on Food Conservation Sunday, the opening day, and members of the Psi Iota Xi sorority will be stationed in Rushville stores during the week to urge women to sign the food conservation pledge cards.

CLOSES SEED CORN
CAMPAIGN LOCALLYW. D. Franklin, Government Re-
presentative, Believes Much Good
Was Accomplished

VISITS NEARLY EVERY SCHOOL

Pupils Will be Given Afternoons Of
With Full Credit to Select
Seed Corn

W. D. Franklin, representative of the department of agriculture, who has been conducting the seed corn campaign here, closed his work today and left for Hancock county where he will carry on a similar campaign.

He stated today that he believed a great amount of good will result from the seed corn efforts in Rush county. During the week Mr. Franklin, with County Superintendent C. M. George visited practically every school in the county, holding four meetings daily and talking to an average of 250 boys and girls each day.

The interest shown was remarkable, according to Mr. Franklin and there will be no limit to the benefit from the co-operation of the school children. In all the schools an effort was made to give them an inspiration to do a real patriotic duty and in every school the pupils will be given afternoons off with full credit in order that they can select seed corn.

The reports of the children will be made to the teachers who in turn will give the results to Mr. George. In this manner some accurate data will be obtained. "One result of the campaign," said Mr. Franklin today, "is that more seed corn will be selected here than ever before and the farmers are awake to the needs of growing more and better corn which really starts with the selection of the seed corn."

The work for the children in the township schools will be supplemental to their regular class work in that it will assist in the study of agriculture and at the same time help solve the labor problem, because the men on the farms are as a whole too busy to devote much time to the selecting of seed corn.

"We aimed to impress three things on the children in this work," said Mr. Franklin. "First, the work supplements their class work. Second, it shows them how to be of assistance to their fathers and lastly the lesson of patriotism is carried out." The work of Mr. Franklin here was similar to that carried on by county agents throughout the state and men favorable to a county agent declared today that need of one here was never better demonstrated than during the past week.

FURNITURE WORKERS STRIKE

Evansville, Ind., Oct. 18.—Two thousand furniture workers affiliated with the International Industrial Union struck here today for higher wages and a fifty hour week. Twenty-eight furniture factories are closed.

WEST FRONT WAR
ENTERS NEW PHASEOpen Country Battles With Enemy
Engaged in Rear Guard Action
Now the Rule

HINDENBURG LOSES PUNCH

Evolution of Battle Methods Reveals
That It Is Now The German
General's MoveBy WILLIAM PHILIP SIMMS
(U. P. Staff Correspondent)

With the British Armies, Oct. 18.—The war on the western front today has entered a new phase—and probably the last.

When the Germans swept over Belgium and part of France in 1914 there was open warfare, next came trench fighting, but now one sees practically open country battles with the enemy engaged in a sort of rear guard action which when fully expanded, will mean a Prussian rout. Only a sudden collapse of hostilities can overcome this end of the battle.

Since the Somme battle Hindenburg has been on the defensive. As long as Hindenburg believed he might break the allied line he continued trench warfare. He kept his front line full of men and thousands of his troops were killed before he realized he had lost his punch. In trenches troops were kept standing shoulder to shoulder to repel attacks and allied shells tore whole companies to shreds.

Finally Hindenburg awoke to the realization that he must fight a defensive war. The retreat on the Somme was the first step of the defensive battle. The next step was when troops in first line trenches were scattered and the bulk of men kept in supporting positions in the rear. But this plan was faulty and German troops were still more widely scattered. The British got on just the same, however, and the battle of Flanders found the Germans still differently disposed.

They were not occupying trenches so much as concrete shell holes fastened together with short tunnels. The shell holes were nearly invisible and only a direct hit would put them out of commission.

MODERN APPLIANCE IN
BANKRUPTCY ACTIONChicago and New York Firms File
Petition in Federal Court To-
day Against Local Concern

IS ALLEGED TO OWE \$3,642

(By United Press.)

Indianapolis, Ind., Oct. 18.—An involuntary petition in bankruptcy was filed against the Modern Appliance company of Rushville in federal court here today. The petition was filed by the Riddle and Wonderle Company and the Steel Sales Corporation of Chicago and the Julius Blum company of New York.

The petitioners claim the company owes them \$3,642 and is giving preference to some of their creditors.

The petition for a receiver in federal court came as no surprise to many in Rushville as the company has been in financial difficulty almost continually since starting operations here. A number of mechanics have been filed, but officers of the company have declared that it would eventually pay out if given a little time, and this opinion prevails today, even in the face of the application for a receiver in federal court.

Paul Havens of Indianapolis, general freight agent of the C. I. & W. railway transacted business here today.

Dusty Miller Jesse F. Morris

Farm of 73 Acres at Auction

Will be sold immediately after the above described personal property. This is the Dusty Miller farm, located 2½ miles west of Rushville. For particulars of this farm sale see advertisement elsewhere in this issue.

RUSSIAN BATTLESHIP
SUNK BY GERMANS

Slava is Sent Down in Naval Engagement at the Entrance to the Gulf of Riga

FORMIDABLE ENEMY FLEET

(By United Press.)

Petrograd, Oct. 18.—One Russian battleship, the Slava, has been sunk in a naval engagement in which for a considerable time the Russian warships stood off Germany's strong fleet at the entrance to the Gulf of Riga, it was announced today. Complete occupation by the enemy of the Island of Oesel was reported, but the statement said everything of military value had been destroyed before the Russians were forced back.

The German fleet which forced the Russian warships to withdraw, was a formidable one. Fifty-five ships were seen at one time. The Slava was sunk by hits below the water line and nearly all of her crew was saved.

"The German vessels were much superior to ours," it was stated. "They included two dreadnaughts of the largest class. At the entrance to Moon Sound our shore fire dispersed enemy torpedo boats trying to approach our ships. The German guns, however, soon put these batteries out of action."

The Slava was a class C battleship of 13,000 tons and 370 feet long."

INDIANA HAS NO
COAL DIRECTOR YET

Will Irwin of Columbus Will Not Accept Now if he is Appointed, he Tells Hays

TWO RECOMMENDATIONS MADE

(By United Press.)

Indianapolis, Ind., Oct. 18.—Indiana still had no coal director today. State officials awaited anxiously for word from H. A. Garfield, federal fuel director regarding the situation, but nothing had been heard late this afternoon. Lieutenant Governor Bush has recommended the appointment of William L. Bryan, head of Indiana university. Will H. Hays, chairman of the state council of defense wired Garfield to appoint William H. O'Brien of Lawrenceburg.

Will Irwin of Columbus has notified Hays he will not accept now even if it is offered him.

ONLY 150 MINERS RETURN

Nearly Seven Thousand Are Still on Strike in Indiana

(By United Press.)

Terre Haute, Ind., Oct. 18.—Only about 150 striking miners in southern Indiana returned to work today, in accordance with the agreement reached at the mass meeting last night, it was stated by mine operators today. Nearly seven thousand men are still out, according to reports reaching here. Thirty mines are tied up.

THROW OFFICERS IN SEA

German Sailors Refuse to Board Submarine, Newspaper Says

(By United Press.)

Amsterdam, Oct. 18.—Another mutiny of German sailors, this time at Ostend, was reported by the Belgian newspaper, Dagblad today.

The newspaper asserted last week that a number of sailors refused to board a submarine and threw one of the officers into the sea. Thirty of the mutineers were arrested.

LIBERTY LOAN HITS STRIDE

About One-Half of \$3,000,000,000
Minimum Quota Subscribed

(By United Press.)

Washington, Oct. 18.—The second

Liberty Loan is at last hitting a

stride that brings success in sight.

About one-half of the \$3,000,000,000

minimum quota is subscribed today.

Though treasury officials renewed

hope of achieving the \$5,000,000,000

mark they again warned that the

eight remaining working days must

show an average of \$435,000,000

each.

since 1911 he has made no payments

and she claims there is due her the

sum of \$1,760.

TAKES 10,000 RUSSIANS

(By United Press.)

Berlin, Oct. 18.—Ten thousand Russian prisoners were taken in the successful German occupation of the Island of Oesel, today's official statement announced. Fifty guns were seized and much other material taken.

AN OLD RECIPE

TO DARKEN HAIR

Sage Tea and Sulphur Turns
Gray, Faded Hair Dark
and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old time recipe improved by the addition of other ingredients for about 50 cents. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

The Rush County
National Bank
Rushville, IndianaThe Rush County National Bank is giving
12 Gold Medals for the 12 Best Essays
on the History ofThe American Flag and What
It Means to You

This contest is open to every student in this city and vicinity. One Gold Medal has been assigned to each grade in the school from the First Grade through the High School to be won by a student in that Grade.

Booklet containing the History of the American Flag from its inception to the present time and notable instances regarding it are being distributed free by the Rush County National Bank. All rules governing the Contest are printed on the Booklets. The Medals are on display at the bank. Come, see the medals and get a booklet.

We are also giving Two Special Medals for the best pen drawing of the American Flag and would like to have every student in our schools compete.

VICK'S VAPORUB

VICTIM OF A U-BOAT H. S. HAVENS' FRIEND

Gunner's Mate Ingram, Killed When
U. S. Destroyer is Attacked,
Friend of Local Man.

KNEW HIM AT BIRMINGHAM

Osmond Ingram of Birmingham, Ala., gunner's mate, who was the only man killed when a German submarine disabled an American destroyer in the European war zone yesterday, was a personal friend of H. S. Havens of this city. Mr. Havens worked in the same store with Mate Ingram's brother in Birmingham a few years ago and came to know the younger Ingram very well. He regretted very much to hear that the young man had been killed. Five others on the war vessel were slightly injured. The body of Mate Ingram was blown overboard and has not been recovered.

This is the first casualty of the war aboard an American war vessel. According to dispatches, the destroyer made port in a damaged condition. The extent of the damage was not made known for military reasons. The encounter occurred Tuesday and news of it was flashed to Washington last night.

Naval officers do not doubt that the torpedoed destroyer was taken unaware by the submarine and had no chance to bring her guns to play. They think it probable that the U-boat, cruising in search of merchant victims, stumbled upon the patrolling destroyer and was fortunate enough to get into position to launch a torpedo and dive to safety without ever showing more than her periscope.

HOARDING BLAMED FOR COAL SHORTAGE

Storing up of Immense Supplies by
Big Industrial Corporations
Reported

GARFIELD TO BREAK IT UP

Washington, Oct. 18.—Hoarding of immense supplies of coal by some big industrial corporations was held responsible to some extent for the present shortage in the general coal supply by officers in the office of fuel administrator Garfield today.

As an emergency measure Garfield is said to be preparing to break up this hoarding and the excess supply thus held will be distributed generally to small consumers.

children motored to Greensburg yesterday and visited Mrs. William Downey.

Henry Miller of New Salem was among the visitors here today.

Wilbur King of New Salem spent the day here on business.

Mr. and Mrs. Rex Innis of Milroy spent the day here with friends.

F. S. Ludington of Cambridge City transacted business here today.

Paul Jacobs of Bloomsburg, Pa., visited friends here today enroute home.

Mr. and Mrs. William Fitzgerald and grand daughter Lauretta Bishop left today for a visit in Koko.

Mrs. Selma Webb went to Indianapolis yesterday, where she will attend the meeting of the Grand Council, Degree of Pocahontas. Mrs. Webb is the Great Trustee.

Mrs. J. D. Case and son Deryl and Mrs. Wilfred Grindle went to Kansas City, Mo., today, where they will attend the convention of the Christian Woman's Board of Missions.

Mrs. Ernest Kirker, Cyrus Watson and Albert Richardson of Ripley, O., motored through this city Wednesday, enroute to Chicago. While here they visited Dale Jackson, formerly of Ripley.

Mr. and Mrs. John Kelly, Jr., have returned from Cincinnati, where they were called by the sudden death of Mrs. Kelley's father, Peter Herr, who was 79 years and 5 months old. His death occurred last Sunday and was a deep shock to the family and friends.

Amsterdam, Oct. 18.—By a vote of 284 to 26 Germany's majority socialists voted down a motion to recommend that the reichstag members of their party oppose war credits for the government.

LIVE MERCHANTS USE THESE COLUMNS

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a tea-spoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

Easy to Store Food

City people and others who do not have cellar or other storage space for small lots of fruits or vegetables need not despair of laying in a small supply for winter use, says today's bulletin of the National Emergency Food Garden Commission, working in conjunction with this newspaper to conserve the country's food supply.

The thing to do, the bulletin says, is to use boxes of a size easily handled, say a bushel or less, and line them with a dozen or more thicknesses of newspaper. In the case of apples select sound ones and wrap each apple in a large piece of newspaper and pack carefully in the box. When full cover with newspaper and nail on the top. Set the box in the coolest place available under a porch or any other place that is cool and dry. It maybe left out in the light freezing weather, and if wrapped in burlap or other heavy covering, the apples will pass safely through heavy freezing weather. It is better to keep them at about 32 degrees F. If possible. If by accident the apples become frozen they will not be seriously injured if thawed out very slowly in a temperature just above freezing. They must not be handled during the thawing out period.

Fourteen-minute-women," committees are being organized in Indianapolis to discuss food conservation and the newspaper reports say they will talk whenever they get a chance. Just as if they wouldn't.

A dispatch from Huntington says that the father of eleven took carbolic acid and died. And to think that he worried over money matters and the war!

HILLIS TO SPEAK

Indianapolis, Ind., Oct. 18.—Liberty bond boosters of this city will "go over the top" again tonight in the last drive to put across the state's quota.

Potatoes may be kept in paper-lined boxes like apples, but they need not be wrapped in paper. Potatoes will not stand as much cold as apples and should not be kept at a temperature below 35 or 40 degrees F. Turnips, beets, carrots and other small vegetables besides sweet potatoes may be kept like potatoes.

Sweet potatoes cannot be kept cool like other vegetables or they will spoil. They may be kept all winter in any kind of a package in a dry temperature of from 60 to 65 degrees F. An ideal place is in the cellar near the furnace. The city dweller in a flat may safely lay in a supply of sweet potatoes when the price is reasonable.

The use of outdoor pits and outdoor cellars for potato storing in sections where the winter is not too severe should be encouraged. If pits are used a wagon load only may be stored in each pit if for local sale; if for distant market a carload may be placed in each pit.

Our Assets

There are twice as many cattle and swine in the United States as in any other country, with a total value of live stock products of more than \$4,000,000,000.

Our corn crop is ten times greater than that of any other country.

Our wheat crop, though not all we had hoped for, is bigger than that of any rival.

Our cotton output is more than

Marriage Licenses Issued 50 Years Ago

Sarah A. Mauzy and Richard C. Robinson procured a license to wed fifty years ago yesterday and were married the same day by the Rev. J. H. McCullough.

half the world's supply.

Our coal production of nearly half a billion tons is twice that of Great Britain, our nearest competitor.

Our oil production of nearly 300,000,000 barrels is twice that of Russia, which ranks second.

Our output of iron and steel is twice that of Germany, our nearest rival.

We produce more copper than all of the remainder of the world put together.

In manufactured goods last year, our output was more than \$36,000,000,000.

Our balance of exports over imports amounted to over \$3,000,000,000.

Our gold reserve of about \$3,000,000,000 is more than one-third of the world's total.

Our wealth is more than \$2,000 for every man, woman and child in the country.

Our railroad mileage is more than double that of all Europe.

The total wealth of Great Britain, France and Germany amounts to \$227,500,000,000. That of the United States aggregates \$250,000,000,000.

The absorption of a second Liberty Loan appears a simple matter, in view of these facts, and comparing what has been done in placing loans in foreign countries.

Henry Ford has subscribed five million to the Liberty Loan and The Ford Motor company has subscribed the same sum. How nice it would be if Henry had that wad he spent on the junker trip to Europe to "get the boys out of the trenches by Christmas," to add to the subscription.

Over in England, where they are depending on America to supply them with a large portion of their food, people are buying bread for five cents a loaf. Here in Rushville we pay ten cents. And none of us want to move to England either, but we do like the five-cent loaf.

"Fourteen-minute-women," committees are being organized in Indianapolis to discuss food conservation and the newspaper reports say they will talk whenever they get a chance. Just as if they wouldn't.

A dispatch from Huntington says that the father of eleven took carbolic acid and died. And to think that he worried over money matters and the war!

HILLIS TO SPEAK

Indianapolis, Ind., Oct. 18.—Liberty bond boosters of this city will "go over the top" again tonight in the last drive to put across the state's quota.

Newell Dwight Hillis, pastor and orator, will speak at a mass meeting at the Murat theater. Lawrence Chamberlain of the Hemphill, White and Chamberlain company of New York is accompanying the Rev. Mr. Hillis.

Chamberlain has investigated reports of German atrocities in Europe and will tell the meeting regarding his findings.

MORE CALORIES URGED FOR FOOD

Barnard Urges Housewives to Give More Attention to This Point in Cooking

APPLIED TO FOOD VALUES

Average Man Needs About 3,000 Calories and a Working Laborer Requires 3,500

(By United Press.)

Indianapolis, Ind., Oct. 18.—Hoosier housewives were today urged to give more attention to the number of calories they are serving at each meal by Dr. H. E. Barnard, federal food director for Indiana. He said:

"Cooks and calories rarely have more than a passing acquaintance. The fact that the calorie is a simple measure to be applied to food values just as pounds and ounces are used in measuring potatoes, and feet and inches in determining length, is not generally understood, is one reason for this condition. A reason for this ignorance is perhaps a dislike of teachers of nutrition and cookbook authors to burden the cook with technical terms, and yet if we do not know what a calorie is we have no starting point from which to figure proper feeding. Many excellent cooks and competent housewives still prepare meals and feed their families after a plan which long years of experience has taught them works successfully. It is that most families are successfully fed even by such hit and miss methods. It is certain that with a food crisis almost upon us we must study the principles of proper nutrition and apply them in the preparation of our meals. If we do not do this we shall be waster. Now is the time for the cook and the calorie to get acquainted.

"For a full definition of what the calorie is, go to the encyclopedia. For our purpose it is sufficient to know that it is the common unit by which food value is reckoned. The average family of two adults and three growing children uses between ten or twelve thousand calories a day. The father needs about 3,000 calories. If he is a hard working laborer he needs 3,500. A football player uses up about 500 calories an hour during a game. Little people do less work than big ones, but require more calories of food in proportion to their weight.

"It is not easy to learn units of measurement unless we have some common figures to start with. Remember them that a quart of milk contains about 325 calories. That a pound of butter contains 23600 calories, that a pound of white sugar contains 1860 calories; a pound of bread 1600 calories and a pound of tomatoes 105 calories.

"Our distrust of the scientist ought to wane, for today in waging war or in the operation of peace the scientist with his expert knowledge is the only man who is one hundred per cent efficient. Cooks may continue to successfully test the heat of their ovens by putting the hand into it. They will turn out splendid cherry pies without formulas and no doubt for sometime to come they will bake bread by guess instead of by rule, but the mere fact that these old practices, unscientific and inaccurate, do succeed is no reason for not learning the meaning of calories and the simple facts of nutrition."

LIBRARIANS IN SESSION

Practical Problems Discussed At State Meeting

(By United Press.)

Fort Wayne, Ind., Oct. 18.—Practical problems confronting librarians were taken up and discussed at today's meeting of the Indiana Librarians Association in this city.

C. E. Rush of the Indianapolis public library told how business men could be reached through the work of the library and explained services which could be given business men by the libraries.

Other speakers were: Mary Torrance, Muncie; Lelia Wilcox, Franklin; Sue Beck, Crawfordsville; Florence Venn, Indiana State library; Sarah L. Sturgil, Ft. Wayne; Lulu Meissie, Noblesville and Mrs. W. H. Eichhorn, Bluffton.

DENVER MAKING WAR ON SPEEDERS

System There is to Get First Offenders to Assist in Enforcing The Law

ALSO AFTER AUTO THIEVES

(By United Press.)

Denver, Oct. 18.—Dewey C. Bailey, manager of public safety, and Police Chief Hamilton Armstrong are making life for Denver motorists worth while. Dailey discourages speeders by holding an informal "speeders court" daily at his office. No fines are assessed for first offenses, the only penalty being exacting of a promise to read three times a copy of the city traffic rules furnished by the court. The offender is also automatically elected to membership in the "Anti-Speeder's club," and pledged to help the authorities enforce the speed ordinances.

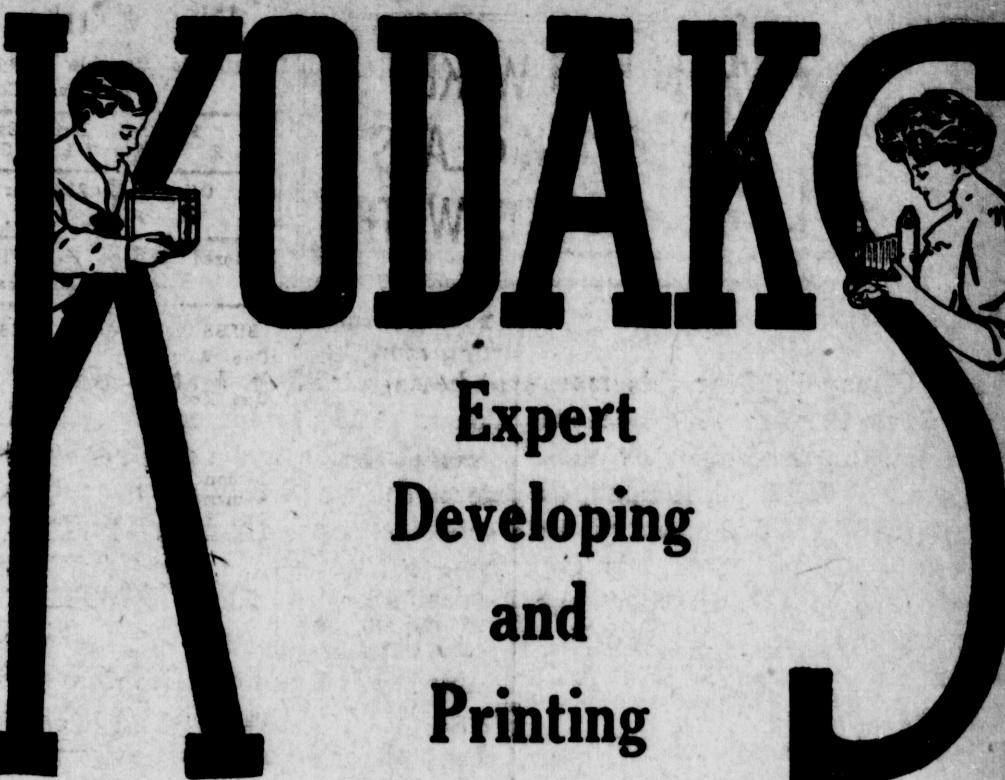

Chief Armstrong's "zone" system will practically put the auto-thief out of existence. The plan includes posting policeman in "sentry boxes" connected with headquarters. If a car is stolen these sentries are notified and every car leaving the city is challenged while motor cops scour the city for the stolen car.

Fort Wayne—The Ft. Wayne and Northern Indiana Traction Company offered hundreds of old ties to persons wishing them during the coal famine here.

Heal Skin Diseases

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. A little zemo, obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress. The E. W. Rose Co., Cleveland, O.

The Hot Blast Air Tight

FLORENCE

Beware of imitations or people who claim to have a stove like or just as good as the FLORENCE.

Do not be deceived by such false claims and find it out when too late.

Examine the Florence carefully before you buy.

The FLORENCE will burn wood as well as coal and will burn coal better than any other stove made.

The Only Absolute Smoke Consuming Stove on Earth.
No Smoke!

No Soot!

No Dirt!

No Clinkers!

Everything is Consumed!

The only jointless leg bottom and base with full radiation and large ash pan that is on the market or has ever been made in the history of the stove industry.

The jointless leg bottom and base makes the stove air-tight below the grate, which is the only true fire keeping principle.

It will be as good a fire keeper twenty years hence as it is today.

The HOT BLAST AIR-TIGHT FLORENCE will heat twice the space that can be heated by any other stove on earth at one-half the cost. The only perfect floor heater that is or has ever been made.

All features are patented and no stove manufacturer, dealer or user can copy or use same until the expiration of the patent without incurring liability for an action for damages.

If the FLORENCE is operated according to directions:

The No. 153 will heat from 3 to 4 ordinary rooms all winter with 4 tons of slack or lump coal.

The No. 155 will heat from 4 to 5 ordinary rooms all winter with 6 tons of slack or lump coal.

THE HOT BLAST AIR-TIGHT FLORENCE burns soft coal, wood, slack and all the smoke and gasses. No filling up of the stove pipe or flue with soot. It will produce one-half less ashes than any other stove on earth with any kind of fuel and leave no clinkers or half consumed fuel.

Prices from \$23.00 to \$40.00 Why pay \$10.00 to \$15.00 more for other makes of stoves when they will not equal the FLORENCE.

SOCIETY

The Indianapolis Star this morning contains the following concerning the wedding last night of Miss Marguerite Frenzel of Indianapolis and Eugene C. Miller, son of Mr. and Mrs. B. F. Miller of this city, graduate of the Rushville high school, Indiana University and Harvard University, who is now practicing law in Indianapolis:

The home of Mr. and Mrs. Otto N. Frenzel on North Illinois street was the scene of a beautiful wedding last evening, when their daughter Marguerite Bertha became the bride of Eugene Carlisle Miller, son of Mr. and Mrs. B. F. Miller of Rushville, Ind. The wedding guests, including only the relatives, numbered about seventy-five and the ceremony was pronounced by the Rev. Owen Davies Odell of the Second Presbyterian church. As an orchestra played the "Bridal Chorus" from "Loehengrin" the bridal party entered the second drawing room, where the ceremony was pronounced before the tall altar of palms banked in the bow window and studded with a huge cluster of pink roses and many tall white candles. The music room beyond and the halls also were fragrant with many pink roses set in masses of maidenhair ferns. The bride's cousin Miss Louise Frenzel, and former classmates at Vassar College, Miss Ruth Lockwood, Miss Ruth Lawton of Brooklyn, N. Y., and Miss Margaret Boyd of Memphis, Tenn., in dainty evening gowns, entered first in the procession, carrying white ribbons to form the aisle. They were followed by the bride's sister, Mrs. E. B. Mumford as matron of honor and her little niece and nephew, Elsa Elizabeth Cline and Robert Sweeney, Jr., dressed in white, carrying between them a French basket of pink flowers tied with blue tulle. The bridegroom's only attendant was the best man, Lieut. Leslie Maxwell. The bridal gown was an exquisite costume of white satin combined with a bodice of tulle and lace. The bridal veil was arranged in coronet effect with garniture of rose-point lace, and the bridal bouquet was a shower of pale pink orchids and lilies of the valley. The bride wore the bridegroom's gift, a filigree bar of platinum and diamonds. Mrs. Mumford's gown of apricot satin was fashioned with silver lace and tulle and a long train. She carried an old-fashioned round bouquet of Ophelia roses tied with blue tulle. Following the ceremony there was a wedding dinner for all the guests, the covers being laid at beautifully decorated tables in various rooms. The long table for the bridal party and immediate families was arranged in the dining room and was adorned with great clusters of pink roses studded with candles. Pink roses also were set amid ferns about the room and the large bride's and bridegroom's cakes were arranged on the serving table. The blue library was bright with many deep red roses on the large round table and the bookcases; the sunroom was most attractive with many wall pockets and baskets of large yellow chrysanthemums and autumn foliage and other rooms also were decorated with roses and yellow chrysanthemums. Mr. and Mrs. Miller have gone for a wedding journey, the bride traveling in a blue suit and small blue velvet hat. They will be

at home after Dec. 1 at 12 Hampton Court. The bridegroom's parents from Rushville and the Misses Desse and Effie Dailey of near Glenwood, Ind., were among the guests from out of town.

At the first meeting of her class Saturday afternoon Miss Margaret Donnan of Indianapolis will talk about the Gorkey autobiographies. These volumes offer much opportunity for greater knowledge, of Russia—the Russia not of peasants, and landowners and revolutionists, but of the working folk, artisans, small shopkeepers, the sailors of the river boats, soldiers in peace time and their everyday lives, "My Childhood" tells the story of Maxim Gorky's life as a little boy. With a child's clear and unquestioning observation he sets down the circumstances and happenings of his existence, the things that he heard and saw. In the second volume, "In the World," the boy is older but there is the same keen observing of men and things and a vast amount of fascinating portraiture. Through these volumes there runs the tragedy of dreariness, boredom, ignorance and resourcelessness, this happens everywhere; as Gorky points out, but nowhere so easily as in Russia; but there is no little beauty too, and books that have so much of actual life—its tragedy, its dulness, its struggle and beauty must be enduringly valuable; besides it is the story of Maxim Gorky himself of the development of his mind and his slowly developing power as a maker of books.

Miss Donnan will continue her talks on contemporary literature on alternate Saturdays at 2:30 p. m. and ladies are cordially invited to join the class.

The meeting Saturday afternoon will be with Miss Henrietta Coleman in East Sixth street.

In order that there shall be no waste at Social Club dinners this winter, the women of the club, at a meeting in the D. A. R. rest room in the public library yesterday afternoon, decided to serve the diners cafeteria style. Guests will be charged five cents a helping for food. It is expected that by this plan much food which might otherwise be wasted will be saved and may be sold for use the day following the dinner dance. The club women decided to have the functions as usual and the first one will be held next month, some time before Thanksgiving.

Mrs. T. E. McAllister was the hostess to fifteen members of the Juanita club, yesterday afternoon at her home in East Third street. Bouquets of autumn leaves adorned the rooms and the dining room, where the luncheon was served, was decorated with hosts of flags, and flags made appropriate favors for the guests. The first part of the afternoon was given over to business and then the ladies sewed and knit for the Red Cross. In two weeks, Mrs. Raymond Sharp, assisted by Mrs. Trennepohl will entertain the club.

The regular business meeting of the Woman's Missionary society of the United Presbyterian church was held with Mrs. John Aikin yesterday afternoon at her home in West Seventh street. Officers for the ensuing year were elected as follows: president, Miss Mary Fisher; vice-president, Mrs. Elizabeth Puntenney; secretary, Mrs. H. H. Elliott, and treasurer, Mrs. Robert Innis. Work for the coming year was discussed and the date of the next meeting was set for November 21 with Mrs. Waite.

Twenty-three members of the Sunshine Embroidery club of Raleigh and two guests, Mrs. Louise Mullen of Toledo, O. and Mrs. Ralph Ellwell, enjoyed a delightful meeting with Mrs. Mariah Smullen yesterday afternoon. After the social hours over knitting, the hostess served an elegant luncheon. Arrangements were made for a pitch-in dinner to be given by Mrs. Ed Aikin. This affair will be in the form of a Hallowe'en party.

SUFFERING CATS! GIVE THIS MAN THE GOLD MEDAL

Let folks step on your feet hereafter; wear shoes a size smaller if you like, for corns will never again send electric sparks of pain through you, according to this Cincinnati authority.

He says that a few drops of a drug called freezene, applied directly upon a tender, aching corn, instantly relieves soreness, and soon the entire corn, root and all, lifts right out.

This drug is a sticky ether compound, but dries at once and simply shrivels up the corn without inflaming or even irritating the surrounding tissue.

It is claimed that a quarter of an ounce of freezene obtained at any drug store will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. Cut this out, especially if you are a woman reader who wears high heels.

Miss Dorothy Wright, daughter of Mr. and Mrs. Percy Wright of this city, and Ross Hutchinson, son of Mr. and Mrs. Elmer Hutchinson of Arlington were married yesterday in Indianapolis. Mrs. Hutchinson is attending Mrs. Blaker's school for girls in Indianapolis and will continue her course this winter. Mr. Hutchinson is a member of the marine corps, stationed at Paris Island, South Carolina, and is home on a ten days furlough.

* * *

Mrs. Mort Vandiventer entertained with a twelve o'clock dinner today at her home in Raleigh, complimentary to Miss Sylvia Nelson, who will move to Indianapolis next week. Pretty decorations suggestive of autumn were used in the home and a color scheme of yellow and white was used on the attractively laid table. The Misses Sylvia Nelson, Doris Saxon and Hazel Mohler were the guests.

* * *

A pretty fall wedding was solemnized yesterday morning at the St. Paul's Episcopal church in Indianapolis, when Miss Fern Frances Chambers, and Paul Hendricks Johnson were united in marriage. Mr. and Mrs. Johnson have gone on an extended trip through the south. Mr. and Mrs. Allen Blackridge and Miss Mayme Hiner of this city were among the out-of-town guests.

* * *

Miss Alma Green entertained about eighteen members of the Psi Iota Xi with a pitch-in dinner at her home in East Fifth street, last evening. The affair was given in honor of Mrs. George Hogsett, who was recently married. Mrs. Hogsett received many presents, among which was a set of spoons. Music and knitting were features of the evening.

* * *

Miss Jean Sparks entertained with an informal evening party at her home in North Main street, last evening, when a number of young people enjoyed a pitch-in supper and social evening. The guests were the Misses Reba Beale, Leatha Higgins, Marjory Clark and John K. Tompkins, Lotis Gartin, Harold Miller and Conwell Smith.

* * *

Mrs. Harry Wyatt entertained with a little informal party last evening at her home in West Eighth street for her son, George C. Mrs. Wyatt served a dainty luncheon, covers being laid for Virginia Carter, Mary Louise, John and Martha Wyatt and Elizabeth Pierson.

* * *

Mrs. Charles Offutt will entertain the Embroidery club tomorrow afternoon at her home, southeast of the city.

HARDIN IS DISCHARGED

Former Member of Co. B Transferred to Artillery at Camp Mills, Home

William Hardin, Jr., arrived home yesterday from Camp Mills, Mineola, Long Island, having received his discharge on account of physical disability. Young Hardin originally enlisted in Company B, when the national guard company was organized here and was then transferred to Battery B of the One hundred and Fifteenth Field Artillery, commonly known as the "rainbow division." The division is now preparing to leave for France and in the final weeding out process Hardin was rejected. He is the only Rush county boy to be rejected in the latest examination.

WEST FRONT WAR ENTERS NEW PHASE

Continued From Page 1

The plan worked only partly. Then came the battle of Menin Road when the creeping barrage used by the British took the fight out of even the pill boxes. The rain of shells flattened everything. Likewise the same terrible curtain of fire often wiped out Germany's counter attacking troops before they got started.

Such is the fighting today. It is now Hindenburg's move.

VON BUELLOW IN BERLIN

(By United Press)

Amsterdam, Oct. 18.—Prince Von Buelow, former chancellor and German ambassador to Italy has arrived in Berlin, dispatches declared today. His visit there caused a revival of the report that he is to succeed Dr. George Michaelis as chancellor.

GRAND JURY MEETS AGAIN NEXT WEEK

Hears a Number of Witnesses Today Before Adjourning For a Few Days

DRAIN CASE HEARD IN COURT

The grand jury was in session again today and will likely adjourn after tomorrow's session to meet again some time next week to complete its investigations. A number of witnesses were before the grand jury again today.

In circuit court Judge Sparks heard the evidence in the injunction suit against Hal Green brought by William Cross and others. Cross seeks an injunction to compel Green to close an opening in the Caviton drain now used as a watering place for stock. The defendant admitted that the present opening was not permissible and the case was based on the right to construct a new opening so as not to hamper the flow of water.

Three tile of the ditch were removed to make the watering place and now Green proposes to replace these tile but construct it so the water can also flow out into a basin and then back into the tile. The court took the case under advisement.

The case of William C. White against the T. H. I. & E. traction company was sent here from Shelby county by mistake was stricken from the docket and the clerk ordered to return the papers.

Terre Haute—Rents of flats and apartments in Terre Haute have been raised. Real estate men gave as their reasons the high price of coal and the extremely heavy demand for apartments.

Farm of 73 Acres at Auction! Tuesday, October 23rd

Two and one-quarter miles west of Rushville on the Shelbyville pike, immediately after the personal property is sold. This farm will be sold at auction. I think it to be under as high a state of cultivation as any farm in Rush county, located on prominent road, well fenced, good seven-room house, good barn, silo, five wells of water, well drained, every bit of which is tillable. Free gas in every room of house for heat, cooking and light—in fact everything will be in first class repair.

TERMS—When bid off you will be required to pay \$3,000 in cash, or more if you prefer. Balance of purchase price will be divided in 6 equal yearly payments, drawing 6% interest from date, to be secured by first mortgage. I feel this to be an opportunity of possibly a lifetime for a man with moderate means to buy himself a comfortable home. You have no arrangements to make with any loan company or deferred payments, as to that you will note. I am taking care of you. All you have to do is to lay down the required cash payment and your deeds and transfers will be made to you. So be prepared to take advantage of this opportunity that may never again present itself to you.

DESCRIBES LIFE AT CAMP ROBINSON

Sergeant J. Joseph P. Wood of Battery A, 8th Field Artillery, Writes Republican.

WANTS TO GET INTO ACTION

Says Camp Sees Some Cold Days and About Two Inches of Snow—
Stable Sergeant.

Joseph P. Wood, formerly of this city, now sergeant of Battery A, Eighth Field Artillery, located at Camp Robinson, Wisconsin, in a letter received today describes the camp life as he finds it in the army. His letter follows:

"Our camp is located in the northwestern part of the state, near Sparta. It is a new camp, the First Battalion of the 8th Field Artillery, to which I belong, the Seventeenth Regiment and the Seventh Regiment also being here. We are expecting to get orders to move any time. All of the men are anxious to go, not that we are dissatisfied here, but we want to get into action.

"I have been here since last June, being transferred from the Coast Artillery after being in that branch of the service three months, stationed at Fort Monroe, Va. My part here is stable sergeant, ranking the second non-commissioned officer in the battery.

"Everything is convenient, plenty of good water and our eats are good enough for anyone, if they are not quite so good as we were used to at home. There is a special train to town (Sparta) each evening at 6:30 o'clock, returning to camp at 11 o'clock. We had some pretty cold days last week, with about two inches of snow. There is but little sickness in the camp.

"We have moving picture shows every evening, a nice Y. M. C. A. and plenty of amusements so there is no chance to get lonesome. I get a lot of news from old Rushville by reading the Daily Republican. I receive it every day through the courtesy of my friend, Clyde Newbro.

"I see a lot of my old friends are wearing the uniform. I guess this will be all for this time. Wishing all good luck and hope we get the Kaiser."

Wood was formerly a horse trainer here and because of his past experience, his knowledge of horses is likely being utilized by the army.

HURLED FROM MOTORCYCLE

Henry McDaniel of Near Henderson Suffers Broken Wrist

Henry McDaniel of near Henderson sustained a broken right wrist last night in a fall from a motorcycle when he hit some fresh gravel and lost control of the machine. His brother, Virgil McDaniel, who was riding with him, escaped injury. McDaniel is rather unfortunate with his motorcycle. Last summer he hit a chuck hole in Jersey City and narrowly escaped serious injury.

Amusements

The Princess will show Mary Anderson and Antonio Moreno in "The Magnificent Meddler," for the first picture of tonight's program. It is the story of a breezy young reporter who tried to mould the destinies of a western town and succeeded. In addition to this a patriotic picture on the second Liberty Loan will be shown. Tomorrow House Peters and Myrtle Stedman will be seen in the modern drama, "As Men Love."

The Gem offers Gladys Brookwell in, "Her Temptation," for the program tonight. It is a William Fox feature and is said to tell a wonderful story. Tomorrow Helen Holmes will be seen in the next chapter of, "The Railroad Raiders."

Kendallville—Orville Diggins, 17, killed himself on the day he was to have been married to Pearl Fancher. He gave no reason for the act.

Terre Haute—Sixty stables and sheds were condemned in this city by the state fire marshal's department.

A U. S. Bond is Money Bearing 4% Interest

BUY LIBERTY BONDS. If you have bought, buy more, and sell two more bonds to two other good Americans.

Liberty Bonds put your dollars to fighting to make the world safe for Democracy, and pay your dollars for the privilege of fighting. Every spare dollar of every American home should turn itself into Liberty Bonds. Fairness and common sense demand it. They pay 4 per cent interest and you can pay for them on installments: 2% with order; 18 per cent Nov. 15, 1917; 40 per cent Dec. 15, 1917; 40 per cent January 15, 1918.

Go at once and buy a bond at your postoffice, your bank, the nearest department store selling Liberty Bonds, or send to the U. S. Treasury Department.

You can buy bonds as small as \$50 and pay for them by installments. But buy now and as often as you can.

Do all you can to make the world safe for Democracy.

EIGHT PAGES TODAY

QUARANTINE WILL
BE RAISED SUNDAYUnless Unforeseen Complications
Arise, Church Services Will Be
Permitted As Usual

SCHOOLS TO REOPEN MONDAY

Possibility of Fresh Outbreak, But
Health Board Believes Crest of
Epidemic Passed

Unless some unforeseen complications develop, the quarantine which has been operative since the diphtheria epidemic broke out will be raised Sunday, thus permitting the holding of church and Sunday school by the churches of the city as usual. On Monday, if this program is followed out, and there is every reason to believe it will, the schools will reopen.

The situation in regard to the diphtheria is unchanged in so far as any new cases are concerned. No cases were reported today and those who are ill are reported to be getting along as well as could be expected.

Dr. E. I. Wooden, secretary of the health board, stated today that the board had decided to permit children to attend church services Sunday and that in effect this would mark the lifting of the quarantine. He pointed out that with the schools opening Monday, the board could see no good reason for not lifting the quarantine one day earlier and thus permit the churches to hold services.

Of course, there is a possibility of a fresh outbreak of the disease and should this come Sunday the schools will again be ordered closed at the last minute. The health board, however, believes the danger is past and that the crest of the epidemic has passed.

There is every reason to believe that additional cases will develop, but it is hoped to confine these to families already under quarantine and in this manner prevent a general spread, which was threatened when the schools were ordered closed.

The two Stucker children, the latest victims, who for a time were in a critical condition, are recovering rapidly and no more fatalities are expected.

LIKELY TO BE SENT
WITH THE NEXT QUOTAFour Selected Colored Men From
This County Will be Stationed
at Camp Taylor

WORD FROM ESCHBACH TODAY

An inquiry received today by the local selection board from Jesse Eschbach, state conscription agent, regarding the number of colored men in the Rush county quota to be sent to Camp Taylor, is the first definite indication that preparations are being made to send the colored men to the camp.

Rush county will have four colored men to send to the camp when the call comes and from indications they will be sent with the next quota. No date has been set for the sending of the remainder of the selected men to Camp Taylor. The four colored men included in the list are Nathan Wills, Roy Evans and James W. Glass of this city and Lidor Watkins of Cartage.

Dispatches from Camp Taylor indicate that the quarters for the colored troops are nearing completion and it is believed here that within the next two weeks the final quota will be sent.

The funeral services of William J. Kirkpatrick were conducted this afternoon at 1:30 o'clock in the Presbyterian church in Mays and burial took place in the Center cemetery.

PLAN PATRIOTIC MEETING

Noble Township Citizens Will Have
Gathering Next Wednesday.

A patriotic meeting of the citizens of Noble township will be held in the school auditorium next Wednesday afternoon at two o'clock. The day which President Wilson proclaimed Liberty Bond Day. A program will be rendered and will include recitations, music and speeches. Everyone is urged to make Wednesday afternoon a half holiday and attend. War conditions will be discussed in the address, but it is not known who the speaker will be. The meeting will be in the interests of the Liberty Loan campaign.

TO ELECT TWELVE
BOARD MEMBERSAnnual Meeting of Red Cross Will
be Held at Court House As-
sembly Room Wednesday

IS CALLED FOR TWO O'CLOCK

Annual Report of Treasurer Will be
Heard—Board Will Elect New
Officers

The annual meeting of the Rush county chapter of the American Red Cross will be held in the court house assembly room next Wednesday afternoon at two o'clock to elect twelve new directors to succeed those whose terms expire at this time, to hear the annual report of the treasurer and to transact any other business which may come before the meeting.

The annual meeting was called by the executive committee, which met last night at the Peoples National bank to consider this and other matters. Immediately after the election of the twelve directors, the board, consisting of thirty-six members will meet and elect officers.

A committee was also appointed last night to consider changes in the by-laws and will likely make a report at the annual meeting. On account of the method of procedure in election of officers provided in the present by-laws, suggestions have come from headquarters that they be modified along certain lines or be changed to suit the chapter.

The present by-laws provide that the executive committee shall call the annual meeting and that it shall name a committee, which shall consist of the chairman of the chapter, the chairman of the executive committee and three other members of the Red Cross, which shall nominate the persons to be submitted to the annual meeting of the members for election as directors. The nominating committee is composed of E. R. Thomas, chairman of the chapter; R. E. Mansfield, chairman of the executive committee; Frank McBride of Milroy and Mrs. C. L. Smullen of Raleigh. The fifth member is yet to be named.

The executive committee very easily adjusted with representatives of the Masonic Temple association, the question of heating Red Cross headquarters this winter. The committee believed that the association was entitled to some compensation for the extra heating required because the Masons do not need heat in the Temple during the day except on rare occasions.

The twelve directors retiring are: Jesse Henley, Ripley township; Albert Outfit, Posey; E. B. Lowden, Walker; D. O. Alter, Orange; W. L. McKee, Anderson; A. L. Gary, Rushville; O. M. Siler, Jackson; B. B. Benner, Center; Dr. C. L. Smullen, Washington; W. M. Martin, Union; Roscoe Titsworth, Noble and William Fisher, Richland.

The Home Guard company will drill in the corridors of the court house tonight at seven-thirty o'clock.

PLANS MADE FOR
LIBERTY LOAN DAYCounty Chairman Orders Sample
Sermons From Which Minis-
ters May Glean Facts

LOOK FOR AIRCRAFT HERE

Although no Definite Word is Re-
ceived, it is Expected One
Will be Here Saturday

The chairman of the county Liberty Loan committee has ordered fifteen copies of sample sermons from which Rush county pastors may get information regarding the Liberty Loan for their Liberty Loan Sunday sermons, which will be preached in all churches of the county Sunday morning. Twenty-five hundred copies of "The Star Spangled Banner," have been printed and will be distributed among the churches of the county and it is planned for every congregation to sing the song at ten o'clock.

So far as the Liberty Loan organization here knows, there will probably be an aircraft of some sort over the city Saturday, which will drop bombs containing information about the Liberty Loan. One bomb will be addressed to the mayor of the city and anyone finding it is requested to deliver it to Mayor Beabout or some city official who will see that he gets it.

Several days ago, as mentioned in the Daily Republican, a general circular was sent to all county chairmen announcing plans for the air flights. It was stated that one of the flights would be from Wright aviation field near Fairfield, Ohio, to the Speedway near Indianapolis, but the route was not given. It is the opinion of the local chairman that more than one machine will make the flight over each route and that at least one of them will follow the route from Wright field to the Speedway by way of Liberty, Connersville, this city and Morristown.

A bulletin to county chairman just received says that there is in Chicago headquarters a limited supply of flag bombs, salute bombs and bombs which on exploding, distribute cardboard discs about the size of a dollar, on one side of which is reproduced the Liberty Bond button, and on the other, "Buy a Liberty Bond." It was stated that a limited supply of these bombs and their cost precludes the possibility of any large distribution, but a few can be provided on wired request. The local chairman ordered some of these by telegraph and is expecting them soon.

Bonds of the Second Liberty Loan can not be issued to purchasers until November 15, so anyone who subscribes now need not expect them before that time. Many who subscribed to the First Liberty Loan have not received their bonds. They will save the banks and themselves considerable trouble if they do not insist on getting their bonds before Nov. 15, because all three-and-a-half years will have to be exchanged for fours anyway, due to the clause in the first issue providing the interest shall be that of any future issue.

The Princess theater will show tonight and tomorrow a reel entitled "Patriotic Episodes of the Second Liberty Loan." This picture is of especial interest since the Loan campaign is now in progress.

CONSPIRATORS GUILTY.

(By United Press)

Abilene, Tex., Oct. 18.—Three men charged with conspiracy against the government were found guilty today by a jury which had been out since Tuesday night. The three men were officers of the Farmers and Labor Protective association. They were convicted of "conspiring to overthrow, put down and destroy by force the government of the United States and to levy war against it."

IS GIVING FIRST
AID INSTRUCTIONInfirmary of 139th Field Artillery is
Teaching Men of Batteries at
Camp Shelby

HAS NO HORSES OR MULES

Sec. Lieut. B. E. Dappen is Assign-
ed to Infirmary as Veterinary
to Look After Animals

(Special to the Daily Republican.)
Camp Shelby, Miss., Oct. 18.—The infirmary of the 139th Heavy Field Artillery, formerly the sanitary detachment of the Fourth Indiana regiment of infantry which was recruited at Rushville, Ind., is now engaged in giving first aid instruction to the men of the batteries in the 139th.

The 139th has received no horses and mules yet, but will in a short time, it is believed. William Kellar has been dubbed "Ben Hur" as he seems to be the psychological fellow to look after the donkey.

In addition to Lieutenant Hale Pearsey of Rushville, Ind., who has been appointed dental lieutenant of the infirmary, as previously announced, Second Lieutenant E. B. Dappen of the Veterinary Reserve Corps, has been assigned to the infirmary to look after the animals of the regiment.

Wilbur Spivey and Jerry Sullivan have started the "Infirmary Laundry, Incorporated." They have equipped themselves with a galvanized iron tub and wash board and do the boys' washing at cut rates. Wilbur is office manager of the laundry and looks after the books and Jerry looks after the washing end of the same. His arm is big enough to take a two or three washings every day, any how. They have the "Girls Wanted" sign out and desire to employ only those who have had experience.

Berlin Caldwell is also talking of starting in business. He is looking for some dago shoe shiners for his shoe shining parlor, but says not to send him any black folks, as there are plenty of black jabs down here.

The sergeants have been given nicknames as follows: McBride, pick

and shovel sergeant; Chipman,

read and butter sergeant; Craig,

oots and saddle sergeant; Gottman,

en and ink sergeant.

McBride has been having his brigade out doing pick and shovel duty, digging trenches to carry the rainwater off of the tents. Chipman looks after the mess, Craig the horses, harness, etc and Gottman, the writing end of the infirmary.

To give an idea of the units in his camp the following list is a copy of that given out by Division Headquarters: 75th Infantry Brigade, equal to or rather made up of 2 regiments of infantrymen, each regiment made up of 12 companies with a war strength of 150 men to each company.

76th Infantry Brigade, with an equal war strength.

63rd Field Artillery Brigade, made up of 2 regiments of Artillerymen, each regiment having 6 batteries of field artillery, either equipped with "3 or 6" guns, war strength of each battery 216 men.

113th Engineers, made up of 4 battalions, each battalion consisting of 4 companies of about 125 men each.

113th Field Signal Battalion, 4 companies of 90 men each.

Divisional trains.

63rd Depot Brigade.

Divisional Machine Gun Battalion, consisting of 4 companies, each having a war strength of 225 men.

Division Headquarters (where the high mucky de mucks hang out).

Base Horse Pistol.

Remount Depot.

Camp Quartermaster.

La. Samuel C. Murphy, who was

with the infirmary has been assigned

WEEK TO BE OBSERVED HERE

Food Conservation to be Urged and
Girls to Seek Signers.

Preparations are being made for the observance of Food Conservation Week here. The special week will begin on Sunday, October 28, instead of October 21 as previously announced. It was postponed one week so that the program would not interfere with the Liberty Loan campaign. The ministers will be requested to preach special sermons on Food Conservation Sunday, the opening day, and members of the Psi Iota Xi sorority will be stationed in Rushville stores during the week to urge women to sign the food conservation pledge cards.

CLOSES SEED CORN
CAMPAIGN LOCALLYW. D. Franklin, Government Re-
presentative, Believes Much Good
Was Accomplished

VISITS NEARLY EVERY SCHOOL

Pupils Will be Given Afternoons Of
With Full Credit to Select
Seed Corn

W. D. Franklin, representative of the department of agriculture, who has been conducting the seed corn week campaign here, closed his work today and left for Hancock county where he will carry on a similar campaign.

He stated today that he believed a great amount of good will result from the seed corn efforts in Rush county. During the week Mr. Franklin, with County Superintendent C. M. George visited practically every school in the county, holding four meetings daily and talking to an average of 250 boys and girls each day.

The interest shown was remarkable, according to Mr. Franklin and there will be no limit to the benefit from the co-operation of the school children. In all the schools an effort was made to give them an inspiration to do a real patriotic duty and in every school the pupils will be given afternoons off with full credit in order that they can select seed corn.

The reports of the children will be made to the teachers who in turn will give the results to Mr. George. In this manner some accurate data will be obtained. "One result of the campaign," said Mr. Franklin today, "is that more seed corn will be selected here than ever before and the farmers are awake to the need of growing more and better corn which really starts with the selection of the seed corn."

The work for the children will be made to the teachers who in turn will assist in the study of agriculture and at the same time help solve the labor problem, because the men on the farms are as a whole too busy to devote much time to the selecting of seed corn.

"We aimed to impress three things on the children in this work," said Mr. Franklin. "First, the work supplements their class work. Second, it shows them how to be of assistance to their fathers and lastly the lesson of patriotism is carried out."

The work of Mr. Franklin here was similar to that carried on by county agents throughout the state and men favorable to a county agent declared today that need of one here was never better demonstrated than during the past week.

FURNITURE WORKERS STRIKE

Evansville, Ind., Oct. 18.—Two thousand furniture workers affiliated with the International Industrial Union struck here today for higher wages and a fifty hour week. Twenty-eight furniture factories are closed.

WEST FRONT WAR
ENTERS NEW PHASEOpen Country Battles With Enemy
Engaged in Rear Guard Action
Now the Rule

HINDENBURG LOSES PUNCH

Evolution of Battle Methods Reveals
That It Is Now The German
General's MoveBy WILLIAM PHILIP SIMMS
(U. S. Staff Correspondent)

With the British Armies, Oct. 18.—The war on the western front today has entered a new phase—and probably the last.

When the Germans swept over Belgium and part of France in 1914 there was open warfare, next came trench fighting, but now one sees practically open country battles with the enemy engaged in a sort of rear guard action which when fully expanded, will mean a Prussian rout. Only a sudden collapse of hostilities can overcome this end of the battle.

Since the Somme battle Hindenburg has been on the defensive. As long as Hindenburg believed he might break the allied line he continued trench warfare. He kept his front line full of men and thousands of his troops were killed before he realized he had lost his punch. In trenches troops were kept standing shoulder to shoulder to repel attacks and allied shells tore whole companies to shreds.

Finally Hindenburg awoke to the realization that he must fight a defensive war. The retreat on the Somme was the first step of the defensive battle. The next step was when troops in first line trenches were scattered and the bulk of men kept in supporting positions in the rear. But this plan was faulty and German troops were still more widely scattered. The British got on the same, however, and the battle of Flanders found the Germans still differently disposed.

They were not occupying trenches to much as concrete shell holes fastened together with short tunnels. The shell holes were nearly invisible and only a direct hit would put them out of commission.

MODERN APPLIANCE IN
BANKRUPTCY ACTIONChicago and New York Firms File
Petition in Federal Court To-
day Against Local Concern

IS ALLEGED TO OWE \$3,642

(By United Press)

Indianapolis, Ind., Oct. 18.—An involuntary petition in bankruptcy was filed against the Modern Appliance company of Rushville in federal court here today. The petition was filed by the Riddle and Wenderle Company and the Steel Sales Corporation of Chicago and the Julius Blum company of New York.

The petitioners claim the company owes them \$3,642 and is giving preference to some of their creditors.

The petition for a receiver in federal court came as no surprise to many in Rushville as the company has been in financial difficulty almost continually since starting operations here. A number of mechanics have been filed, but officers of the company have declared that it would eventually pay out if given a little time, and this opinion prevails today, even in

kind of a Boy 16 years
of age or over.

Public Auction!

We, the undersigned, will sell at public auction at the Dusty Miller farm, 2½ miles west of Rushville on the Shelbyville pike, all the personal property belonging to us, on account of having decided to sell farm, which will also be auctioned off immediately after personal property is sold, on same day—

Tuesday, October 23, 1917

SALE TO COMMENCE AT 10:00 A. M. SHARP

5 Head of Horses 5

Consisting of 1 coming five-year-old black draft mare, sound, bred, and I think as good a worker as there is in the county; 1 coming four-year-old bay draft mare, bred, sound, an extra good mare; 1 gray mare, eleven years old, gentle for woman or child to drive, good worker any place you hitch her; 1 pair of weanling draft filly colts, by same sire, out of full sisters. Quite a high class team of colts, the kind that any farmer would like to own, that would mature to a high class pair of draft mares.

80 Head Pure Bred Big Type Poland Hogs

5 HEAD REGISTERED YEARLING SOWS

10 HEAD OF FALL YEARLING GILTS

40 HEAD OF SPRING FEEDERS, of which there are quite a number of high class gilts; 1 yearling Big Type Boar—we think the best hog in Rush county; 1 Fall Yearling Boar—a great pig; 3 good Spring Boars; 20 head of Fall Pigs eligible to register.

ALL DOUBLE, IMMUNE EXCEPT FALL PIGS

ABOUT 15 ACRES OF EXTRA GOOD CORN IN FIELD

and Other Articles.TERMS OF SALE—On sums of \$10.00 and under, cash; on
above that amount a credit without interest until Sept. 1, 1918.
will be given. Discount of 5% for cash.

Dusty Miller Jesse F. Morris

Farm of 73 Acres at Auction

Will be sold immediately after the above described personal property. This is the Dusty Miller farm, located 2½ miles west of Rushville. For particulars of this farm sale see advertisement elsewhere in this issue.

RUSSIAN BATTLESHIP
SUNK BY GERMANS

Slava is Sent Down in Naval Engagement at the Entrance to the Gulf of Riga

FORMIDABLE ENEMY FLEET

(By United Press.) Petrograd, Oct. 18.—One Russian battleship, the Slava, has been sunk in a naval engagement in which for a considerable time the Russian warships stood off Germany's strong fleet at the entrance to the Gulf of Riga, it was announced today. Complete occupation by the enemy of the Island of Oesel was reported, but the statement said everything of military value had been destroyed before the Russians were forced back.

The German fleet which forced the Russian warships to withdraw, was a formidable one. Fifty-five ships were seen at one time. The Slava was sunk by hits below the water line and nearly all of her crew was saved.

"The German vessels were much superior to ours," it was stated. "They included two dreadnaughts of the largest class. At the entrance to Moon Sound our shore fire dispersed enemy torpedo boats trying to approach our ships. The German guns, however, soon put these batteries out of action.

"The Slava was a class C battleship of 13,000 tons and 370 feet long."

INDIANA HAS NO
COAL DIRECTOR YET

Will Irwin of Columbus Will Not Accept Now if he is Appointed, he Tells Hays

TWO RECOMMENDATIONS MADE

(By United Press.) Indianapolis, Ind., Oct. 18.—Indiana still had no coal director today. State officials awaited anxiously for word from H. A. Garfield, federal fuel director regarding the situation, but nothing had been heard late this afternoon. Lieutenant Governor Bush has recommended the appointment of William L. Bryan, head of Indiana university. Will H. Hays, chairman of the state council of defense wired Garfield to appoint William H. O'Brien of Lawrenceburg.

Will Irwin of Columbus has notified Hays he will not accept now even if it is offered him.

ONLY 150 MINERS RETURN

Nearly Seven Thousand Are Still on
Strike in Indiana

(By United Press.) Terre Haute, Ind., Oct. 18.—Only about 150 striking miners in southern Indiana returned to work today, in accordance with the agreement reached at the mass meeting last night, it was stated by mine operators today. Nearly seven thousand men are still out, according to reports reaching here. Thirty mines are tied up.

THROW OFFICERS IN SEA

German Sailors Refuse to Board
Submarine, Newspaper Says

(By United Press.) Amsterdam, Oct. 18.—Another mutiny of German sailors, this time at Ostend, was reported by the Belgian newspaper, Dagblad today.

The newspaper asserted last week that a number of sailors refused to board a submarine and threw one of the officers into the sea. Thirty of the mutineers were arrested.

LIBERTY LOAN HITS STRIDE

About One-Half of \$3,000,000,000
Minimum Quota Subscribed

(By United Press.)

Washington, Oct. 18.—The second Liberty Loan is at last hitting a stride that brings success in sight. About one-half of the \$3,000,000,000 minimum quota is subscribed today. Though treasury officials renewed hope of achieving the \$5,000,000,000 mark they again warned that the eight remaining working days must show an average of \$435,000,000 each.

since 1911 he has made no payments and she claims there is due her the sum of \$1,760.

TAKES 10,000 RUSSIANS

(By United Press.)

Berlin, Oct. 18.—Ten thousand Russian prisoners were taken in the successful German occupation of the Island of Oesel, today's official statement announced. Fifty guns were seized and much other material taken.

AN OLD RECIPE
TO DARKEN HAIRSage Tea and Sulphur Turns
Gray, Faded Hair Dark
and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old time recipe improved by the addition of other ingredients for about 50 cents. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

The Rush County
National Bank
Rushville, IndianaThe Rush County National Bank is giving
12 Gold Medals for the 12 Best Essays
on the History ofThe American Flag and What
It Means to You

This contest is open to every student in this city and vicinity. One Gold Medal has been assigned to each grade in the school from the First Grade through the High School to be won by a student in that Grade.

Booklet containing the History of the American Flag from its inception to the present time and notable instances regarding it are being distributed free by the Rush County National Bank. All rules governing the Contest are printed on the Booklets. The Medals are on display at the bank. Come, see the medals and get a booklet.

We are also giving Two Special Medals for the best pen drawing of the American Flag and would like to have every student in our schools compete.

Mrs. Anna Woods and son Richard went to Fountaintown today, where they will visit Mr. and Mrs. Will Robinson.

Mr. and Mrs. Charles Abrams and family went to Huntington today, where they will make their future home.

Mrs. Daniel C. Green of Fort Smith, Ark., is here for a visit with her parents, Dr. and Mrs. J. C. Sexton.

Mrs. Fred Nelson and Mrs. Bert Hudson went to Indianapolis today, where they will attend the meeting of the Great Council of Indiana, Degree of Pocahontas.

The Misses Theresa and Jennie Madden and Mrs. Will Oneal and

KNEW HIM AT BIRMINGHAM

Osmond Ingram of Birmingham, Ala., gunner's mate, who was the only man killed when a German submarine disabled an American destroyer in the European war zone yesterday, was a personal friend of H. S. Havens of this city. Mr. Havens worked in the same store with Mate Ingram's brother in Birmingham a few years ago and came to know the younger Ingram very well. He regretted very much to hear that the young man had been killed. Five others on the war vessel were slightly injured. The body of Mate Ingram was blown overboard and has not been recovered.

This is the first casualty of the war aboard an American war vessel. According to dispatches, the destroyer made port in a damaged condition. The extent of the damage was not made known for military reasons. The encounter occurred Tuesday and news of it was flashed to Washington last night.

Naval officers do not doubt that the torpedoed destroyer was taken unaware by the submarine and had no chance to bring her guns to play.

They think it probable that the U-boat, cruising in search of merchant victims, stumbled upon the patrolling destroyer and was fortunate enough to get into position to launch a torpedo and dive to safety without ever showing more than her periscope.

HOARDING BLAMED FOR COAL SHORTAGE

Storing up of Immense Supplies by
Big Industrial Corporations
Reported

CARFIELD TO BREAK IT UP

Washington, Oct. 18.—Hoarding of immense supplies of coal by some big industrial corporations was held responsible to some extent for the present shortage in the general coal supply by officers in the office of fuel administrator Garfield today.

As an emergency measure Garfield is said to be preparing to break up this hoarding and the excess supply thus held will be distributed generally to small consumers.

children motored to Greensburg yesterday and visited Mrs. William Downey.

Henry Miller of New Salem was among the visitors here today.

Wilbur King of New Salem spent the day here on business.

Mr. and Mrs. Rex Innis of Milroy spent the day here with friends.

F. S. Ludington of Cambridge City transacted business here today.

Paul Jacobs of Bloomsburg, Pa., visited friends here today enroute home.

Mr. and Mrs. William Fitzgerald and grand daughter Lauretta Bishop left today for a visit in Kokomo.

Mrs. Selma Webb went to Indianapolis yesterday, where she will attend the meeting of the Grand Council, Degree of Pocahontas. Mrs. Webb is the Great Trustee.

Mrs. J. D. Case and son Deryl and Mrs. Wilfred Gringle went to Kansas City, Mo., today, where they will attend the convention of the Christian Woman's Board of Missions.

Mrs. Ernest Kirker, Cyrus Watson and Albert Richardson of Ripley, O., motored through this city Wednesday, enroute to Chicago. While here they visited Dale Jackson, formerly of Ripley.

Mr. and Mrs. John Kelly, Jr., have returned from Cincinnati, where they were called by the sudden death of Mrs. Kelly's father, Peter Herr, who was 79 years and 5 months old. His death occurred last Sunday and was a deep shock to the family and friends.

Amsterdam, Oct. 18.—By a vote of 284 to 261 Germany's majority socialists voted down a motion to recommend that the reichstag members of their party oppose war credits for the government.

LIVE MERCHANTS USE THESE COLUMNS

WHEN YOU WAKE
UP DRINK GLASS
OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes any one look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should seek only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women, who are accustomed to wake up with a dull, aching head or have torched tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

Easy to Store Food

City people and others who do not have cellar or other storage space for small lots of fruits or vegetables need not despair of laying in a small supply for winter use, says today's bulletin of the National Emergency Food Garden Commission, working in conjunction with this newspaper to conserve the country's food supply.

The thing to do, the bulletin says, is to use boxes of a size easily handled, say a bushel or less, and line them with a dozen or more thicknesses of newspaper. In the case of apples select sound ones and wrap each apple in a large piece of newspaper and pack carefully in the box. When full cover with newspaper and nail on the top. Set the box in the coolest place available under a porch or any other place that is cool and dry. It may be left out in the light freezing weather, and if wrapped in burlap or other heavy covering, the apples will pass safely through heavy freezing weather. It is better to keep them at about 32 degrees F. if possible. If by accident the apples become frozen they will not be seriously injured if thawed out very slowly in a temperature just above freezing. They must not be handled during the thawing out period.

Potatoes may be kept in paper lined boxes like apples, but they need not be wrapped in paper. Potatoes will not stand as much cold as apples and should not be kept at a temperature below 35 or 40 degrees F. Turnips, beets, carrots and other small vegetables besides sweet potatoes may be kept like potatoes.

Sweet potatoes cannot be kept cool like other vegetables or they will spoil. They may be kept all winter in any kind of a package in a dry temperature of from 60 to 65 degrees F. An ideal place is in the cellar near the furnace. The city dweller in a flat may safely lay in a supply of sweet potatoes when the price is reasonable.

The use of outdoor pits and outdoor cellars for potato storing in sections where the winter is not too severe should be encouraged. If pits are used a wagon load only may be stored in each pit if for local sale; if for distant market a carload may be placed in each pit.

Our Assets

There are twice as many cattle and swine in the United States as in any other country, with a total value of live stock products of more than \$4,000,000,000.

Our corn crop is ten times greater than that of any other country.

Our wheat crop, though not all we had hoped for, is bigger than that of any rival.

Our cotton output is more than

Use varnish
that lasts

The main expense in varnishing is labor. Don't put on varnish that looks well only when new and won't last long enough to pay for the cost of putting it on.

We sell and recommend Murphy Varnishes on account of their extra durability.

F. E. Wolcott

Marriage Licenses
Issued 50 Years Ago

Sarah A. Mauzy and Richard C. Robinson procured a license to wed fifty years ago yesterday and were married the same day by the Rev. J. H. McCulough.

half the world's supply.

Our coal production of nearly half a billion tons is twice that of Great Britain, our nearest competitor.

Our oil production of nearly 300,000,000 barrels is twice that of Russia, which ranks second.

Our output of iron and steel is twice that of Germany, our nearest rival.

We produce more copper than all of the remainder of the world put together.

In manufactured goods last year, our output was more than \$36,000,000,000.

Our balance of exports over imports amounted to over \$3,000,000,000.

Our gold reserve of about \$3,000,000,000 is more than one-third of the world's total.

Our wealth is more than \$2,000 for every man, woman and child in the country.

Our railroad mileage is more than double that of all Europe.

The total wealth of Great Britain, France and Germany amounts to \$227,500,000,000. That of the United States aggregates \$250,000,000,000.

The absorption of a second Liberty Loan appears a simple matter, in view of these facts, and comparing what has been done in placing loans in foreign countries.

Henry Ford has subscribed five million to the Liberty Loan and The Ford Motor company has subscribed the same sum. How nice it would be if Henry had that wad he spent on the junker trip to Europe to "get the boys out of the trenches by Christmas," to add to the subscription.

Over in England, where they are depending on America to supply them with a large portion of their food, people are buying bread for five cents a loaf. Here in Rushville we pay ten cents. And none of us want to move to England either, but we do like the five-cent loaf.

"Fourteen-minute-women," committees are being organized in Indianapolis to discuss food conservation and the newspaper reports say they will talk whenever they get a chance. Just as if they wouldn't.

A dispatch from Huntington says that the father of eleven took carbolic acid and died. And to think that he worried over money matters and the war!

HILLIS TO SPEAK

Indianapolis, Ind., Oct. 18.—Liberty bond boosters of this city will "go over the top" again tonight in the last drive to put across the state's quota.

Newell Dwight Hillis, pastor and orator, will speak at a mass meeting at the Murat theater. Lawrence Chamberlain of the Hemphill, White and Chamberlain company of New York is accompanying the Rev. Mr. Hillis.

Chamberlain has investigated reports of German atrocities in Europe and will tell the meeting regarding his findings.

Railroad Men

These men know from experience that Sloan's Liniment will take the stiffness out of joints and the soreness out of muscles. And it's so convenient! No rubbing required. It quickly penetrates and brings relief. Easy to apply and cleaner than messy plasters or ointments.

Always have a bottle in the house for rheumatic aches, lame back, sprains and strains.

Generous sized bottles at all drug-gists: 25c, 50c, \$1.00.

We Have Them

We bought them last April before the advance in price. They are nice, comfortable, good looking, easy riding, sliding doors, nice curtains, 24 inch lazy back and a lot more good things that you have to see to appreciate.

We want you to see them and if you need a Storm Buggy why not buy the Best, when you buy it for less money than you can some other make.

We were fortunate this year in securing the ZIMMERMAN line of STORM BUGGIES, the one line that no one can truthfully say is not the best on the market and by early buying, we were able to get them at a price that makes it possible to sell them to you at a little below the price of other makes, that are not so good.

There are lots of people in Rush County, who have owned ZIMMERMAN BUGGIES. Ask them how they wear! They will tell you they are the best buggy they ever owned. Let us show you these buggies before you buy. If you don't when you see your neighbor's you will wish you had.

MORE CALORIES URGED FOR FOOD

Barnard Urges Housewives to Give More Attention to This Point in Cooking

APPLIED TO FOOD VALUES

Average Man Needs About 3,000 Calories and a Working Laborer Requires 3,500

(By United Press.)

Indianapolis, Ind., Oct. 18.—Hoosier housewives were today urged to give more attention to the number of calories they are serving at each meal by Dr. H. E. Barnard, federal food director for Indiana. He said:

"Cooks and calories rarely have more than a passing acquaintance. The fact that the calorie is a simple measure to be applied to food values just as pounds and ounces are used in measuring potatoes, and feet and inches in determining length, is not generally understood, is one reason for this condition. A reason for this ignorance is perhaps a dislike of teachers of nutrition and cookbook authors to burden the cook with technical terms, and yet if we do not know what a calorie is we have no starting point from which to figure proper feeding. Many excellent cooks and competent housewives still

prepare meals and feed their families after a plan which long years of experience has taught them works successfully. It is that most families are successfully fed even by such hit and miss methods. It is certain that with a food crisis almost upon us we must study the principles of proper nutrition and apply them in the preparation of our meals. If we do not do this we shall be waster. Now is the time for the cook and the calorie to get acquainted.

"For a full definition of what the calorie is, go to the encyclopedia. For our purpose it is sufficient to know that it is the common unit by which food value is reckoned. The average family of two adults and three growing children uses between ten or twelve thousand calories a day. The father needs about 3,000 calories. If he is a hard working laborer he needs 3,500. A football player uses up about 500 calories an hour during a game. Little people do less work than big ones, but require more calories of food in proportion to their weight.

"It is not easy to learn units of measurement unless we have some common figures to start with. Remember then that a quart of milk contains about 325 calories. That a pound of butter contains 23600 calories, that a pound of white sugar contains 18600 calories; a pound of bread 1600 calories and a pound of tomatoes 105 calories.

"Our distrust of the scientist ought to wane, for today in waging war or in the operation of peace the scientist with his expert knowledge is the only man who is one hundred per cent efficient. Cooks may continue to successfully test the heat of their ovens by putting the hand into them. They will turn out splendid cherry pies without formulas and no doubt for sometime to come they will bake bread by guess instead of by rule, but the mere fact that these old practices, unscientific and inaccurate, do succeed is no reason for not learning the meaning of calories and the simple facts of nutrition."

LIBRARIANS IN SESSION

Practical Problems Discussed At State Meeting

(By United Press.)

Fort Wayne, Ind., Oct. 18.—Practical problems confronting librarians were taken up and discussed at today's meeting of the Indiana Librarians Association in this city.

C. E. Rush of the Indianapolis public library told how business men could be reached through the work of the library and explained services which could be given business men by the libraries.

Other speakers were: Mary Torrance, Muncie; Leila Wilcox, Franklin; Sue Beck, Crawfordsville; Florence Venn, Indiana State library; Sarah L. Sturgis, Ft. Wayne; Lula Meissner, Bluffton.

DENVER MAKING WAR ON SPEEDERS

System There is to Get First Offenders to Assist in Enforcing The Law

ALSO AFTER AUTO THIEVES

(By United Press.)

Denver, Oct. 18.—Dewey C. Bailey, manager of public safety, and Police Chief Hamilton Armstrong are making life for Denver motorists worth while. Bailey discourages speeders by holding an informal "speeders court" daily at his office. No fines are assessed for first offenses, the only penalty being exacting of a promise to read three times a copy of the city traffic rules furnished by the court. The offender is also automatically elected to membership in the "Anti-Speeder's club," and pledged to help the authorities enforce the speed ordinances.

Chief Armstrong's "zone" system will practically put the auto-thief out of existence. The plan includes posting policeman in "sentry-boxes" connected with headquarters. If a car is stolen these sentries are notified and every car leaving the city is challenged while motor cops scour the city for the stolen car.

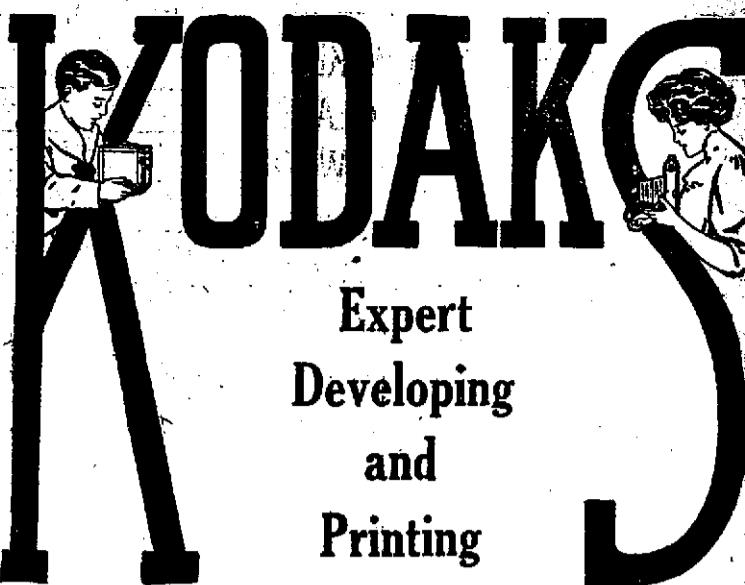

Fort Wayne—The Ft. Wayne and Northern Indiana Traction Company offered hundreds of old ties to persons wishing them during the coal famine here.

Heal Skin Diseases

It is unnecessary for you to suffer with eczema, blisters, ringworm, rashes and similar skin troubles. A little Zemo, obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

The Hot Blast Air Tight

FLORENCE

Beware of imitations or people who claim to have a stove like or just as good as the FLORENCE.

Do not be deceived by such false claims and find it out when too late.

Examine the Florence carefully before you buy.

The FLORENCE will burn wood as well as coal and will burn coal better than any other stove made.

The Only Absolute Smoke Consuming Stove on Earth.

No Smoke!

No Soot!

No Dirt!

No Clinkers!

Everything is Consumed!

The only jointless leg bottom and base with full radiation and large ash pan that is on the market or has ever been made in the history of the stove industry.

The jointless leg bottom and base makes the stove air-tight below the grate, which is the only true fire keeping principle.

It will be as good a fire keeper twenty years hence as it is today.

The HOT BLAST AIR-TIGHT FLORENCE will heat twice the space that can be heated by any other stove on earth at one-half the cost. The only perfect floor heater that is or has ever been made.

All features are patented and no stove manufacturer, dealer or user can copy or use same until the expiration of the patent without incurring liability for an action for damages.

If the FLORENCE is operated according to directions:

The No. 153 will heat from 3 to 4 ordinary rooms all winter with 4 tons of slack or lump coal.

The No. 155 will heat from 4 to 5 ordinary rooms all winter with 6 tons of slack or lump coal.

THE HOT BLAST AIR-TIGHT FLORENCE burns soft coal, wood, slack and all the smoke and gasses. No filling up of the stove pipe or flue with soot. It will produce one-half less ashes than any other stove on earth with any kind of fuel and leave no clinkers or half consumed fuel.

Prices from \$23.00 to \$40.00 Why pay \$10.00 to \$15.00 more for other makes of stoves when they will not equal the FLORENCE.

114 W. Second St.

The Indianapolis Star this morning contains the following concerning the wedding last night of Miss Marguerite Frenzel of Indianapolis and Eugene C. Miller, son of Mr. and Mrs. B. F. Miller of this city, graduate of the Rushville high school, Indiana University and Harvard University, who is now practicing law in Indianapolis:

The home of Mr. and Mrs. Otto N. Frenzel on North Illinois street was the scene of a beautiful wedding last evening, when their daughter Marguerite Bertha became the bride of Eugene Carlisle Miller, son of Mr. and Mrs. B. F. Miller of Rushville, Ind. The wedding guests, including only the relatives, numbered about seventy-five and the ceremony was pronounced by the Rev. Owen Davies Odell of the Second Presbyterian church. As an orchestra played the "Bridal Chorus" from "Lohengrin" the bridal party entered the second drawing room, where the ceremony was pronounced before the tall altar of palms banked in the bow window and studded with a huge cluster of pink roses and many tall white candles. The music room beyond and the halls also were fragrant with many pink roses set in masses of maidenhair ferns. The bride's cousin Miss Louise Franzel, and former classmates at Vassar College, Miss Ruth Lockwood, Miss Ruth Lawton of Brooklyn, N. Y., and Miss Margaret Boyd of Memphis, Tenn., in dainty evening gowns, entered first in the procession, carrying white ribbons to form the aisle. They were followed by the bride's sister, Mrs. E. B. Mumford as matron of honor and her little niece and nephew, Elsa Elizabeth Cline and Robert Sweeney Jr., dressed in white and carrying between them a French basket of pink flowers tied with blue tulle. The bridegroom's only attendant was the best man, Lieut. Leslie Maxwell. The bridal gown was an exquisite costume of white satin combined with a bodice of tulle and lace. The bridal veil was arranged in coronet effect with garniture of rose-point lace, and the bridal bouquet was a shower of pale pink orchids and lillies of the valley. The bride wore the bridegroom's gift, a filigree bar of platinum and diamonds. Mrs. Mumford's gown of apricot satin was fashioned with silver lace and tulle and a long train. She carried an old-fashioned round bouquet of Ophelia roses tied with blue tulle. Following the ceremony there was a wedding dinner for all the guests, the covers being laid at beautifully decorated tables in various rooms. The long table for the bridal party and immediate families was arranged in the dining room and was adorned with great clusters of pink roses studded with candles. Pink roses also were set amid ferns about the room and the large bride's and bridegroom's cakes were arranged on the serving table. The blue library was bright with many deep red roses on the large round table and the bookcases; the sunroom was most attractive with many wall pockets and baskets of large yellow chrysanthemums and autumn foliage and other rooms also were decorated with roses and yellow chrysanthemums. Mr. and Mrs. Miller have gone for a wedding journey, the bride traveling in a blue suit and small blue velvet hat. They will be

at home after Dec. 1 at 12 Hampton Court. The bridegroom's parents from Rushville and the Misses Jessie and Ellie Dailey of near Glenwood, Ind., were among the guests from out of town.

* * *

At the first meeting of her class Saturday afternoon Miss Margaret Donnan of Indianapolis will talk about the Gorkey autobiographies. These volumes offer much opportunity for greater knowledge of Russia—the Russia not of peasants, and landowners and revolutionists, but of the working folk, artisans, small shopkeepers, the sailors of the river boats, soldiers in peace time and their everyday lives. "My Childhood" tells the story of Maxim Gorky's life as a little boy. With a child's clear and unquestioning observation he sets down the circumstances and happenings of his existence, the things that he heard and saw. In the second volume, "In the World," the boy is older but there is the same keen observing of men and things and a vast amount of fascinating portraiture. Through these volumes there runs the tragedy of dreariness, boredom, ignorance and resourcelessness, this happens everywhere: as Gorky points out, but nowhere so easily as in Russia; but here is no little beauty too, and books that have so much of actual life—its tragedy, its dulness, its struggle and beauty must be enduringly valuable; besides it is the story of Maxim Gorky himself of the development of his mind and his slowly developing power as a maker of books.

Miss Donnan will continue her talks on contemporary literature on alternate Saturdays at 2:30 p. m. and ladies are cordially invited to join the class.

The meeting Saturday afternoon will be with Miss Henrietta Coleman in East Sixth street.

* * *

In order that there shall be no waste at Social Club dinners this winter, the women of the club, at a meeting in the D. A. R. rest room in the public library yesterday afternoon, decided to serve the diners cafeteria style. Guests will be charged five cents a helping for food. It is expected that by this plan much food which might otherwise be wasted will be saved and may be sold for use the day following the dinner dance. The club women decided to have the functions as usual and the first one will be held next month, some time before Thanksgiving.

* * *

Mrs. T. E. McAllister was the hostess to fifteen members of the Juanita club, yesterday afternoon at her home in East Third street. Boughs of autumn leaves adorned the rooms and the dining room, where the luncheon was served, was decorated with hosts of flags, and flags made appropriate favors for the guests. The first part of the afternoon was given over to business and then the ladies sewed and knit for the Red Cross. In two weeks, Mrs. Raymond Sharp, assisted by Mrs. Trennepohl will entertain the club.

* * *

The regular business meeting of the Woman's Missionary society of the United Presbyterian church was held with Mrs. John Aikin yesterday afternoon at her home in West Seventh street. Officers for the ensuing year were elected as follows: president, Miss Mary Fisher; vice-president, Mrs. Elizabeth Pautenay; secretary, Mrs. H. H. Elliott; and treasurer, Mrs. Robert Innis. Work for the coming year was discussed and the date of the next meeting was set for November 21 with Mrs. Waite.

Work for the coming year was discussed and the date of the next meeting was set for November 21 with Mrs. Waite.

* * *

Twenty-three members of the Sunshine Embroidery club of Raleigh and two guests, Mrs. Louise Mullen of Toledo, O. and Mrs. Ralph Elwell, enjoyed a delightful meeting with Mrs. Mariah Smullen yesterday afternoon. After the social hours over knitting, the hostess served an elegant luncheon. Arrangements were made for a pitch-in dinner to be given by Mrs. Ed Aikin. This affair will be in the form of a Hallowe'en party.

He says that a few drops of a drug called freezeon, applied directly upon a tender, aching corn, instantly relieves soreness, and soon the entire corn, root and all, lifts right out.

This drug is a sticky ether compound, but dries at once and simply shrivels up the corn without inflaming or even irritating the surrounding tissue.

It is claimed that a quarter of an ounce of freezeon obtained at any drug store will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. Cut this out especially if you are a woman reader who wears high heels.

**SUFFERING CATS!
GIVE THIS MAN
THE GOLD MEDAL**

Let folks step on your feet hereafter; wear shoes a size smaller if you like, for corns will never again send electric sparks of pain through you, according to this Cincinnati authority.

This drug is a sticky ether compound, but dries at once and simply shrivels up the corn without inflaming or even irritating the surrounding tissue.

It is claimed that a quarter of an ounce of freezeon obtained at any drug store will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. Cut this out especially if you are a woman reader who wears high heels.

Miss Dorothy Wright, daughter of Mr. and Mrs. Percy Wright of this city, and Ross Hutchinson, son of Mr. and Mrs. Elmer Hutchinson of Arlington were married yesterday in Indianapolis. Mrs. Hutchinson is attending Mrs. Blaker's school for girls in Indianapolis and will continue her course this winter. Mr. Hutchinson is a member of the marine corps, stationed at Paris Island, South Carolina, and is home on a ten days furlough.

* * *

Mrs. Mort Vandiventer entertained with a twelve o'clock dinner today at her home in Raleigh, complimentary to Miss Sylvia Nelson, who will move to Indianapolis next week. Pretty decorations suggestive of autumn were used in the home and a color scheme of yellow and white was used on the attractively laid table. The Misses Sylvia Nelson, Doris Saxon and Hazel Mohler were the guests.

* * *

A pretty fall wedding was solemnized yesterday morning at the St. Paul's Episcopal church in Indianapolis, when Miss Fern Frances Chambers, and Paul Hendricks Johnson were united in marriage. Mr. and Mrs. Johnson have gone on an extended trip through the south. Mr. and Mrs. Allen Blackridge and Miss Mayme Hiner of this city were among the out-of-town guests.

* * *

Miss Alma Green entertained about eighteen members of the Psi Iota Xi with a pitch-in dinner at her home in East Fifth street, last evening. The affair was given in honor of Mrs. George Hogsett, who was recently married. Mrs. Hogsett received many presents, among which was a set of spoons. Music and knitting were features of the evening.

* * *

Miss Jean Sparks entertained with an informal evening party at her home in North Main street, last evening, when a number of young people enjoyed a pitch-in supper and social evening. The guests were the Misses Reba Beale, Leatha Higgins, Marjory Clark and John K. Tompkins, Lotis Gartin, Harold Miller and Connell Smith.

* * *

Mrs. Harry Wyatt entertained with a little informal party last evening at her home in West Eighth street for her son, George C. Mrs. Wyatt served a dainty luncheon, covers being laid for Virginia Carter, Mary Louise, John and Martha Wyatt and Elizabeth Pierson.

* * *

Mrs. Charles Offutt will entertain the Embroidery club tomorrow afternoon at her home, southeast of the city.

HARDIN IS DISCHARGED

Former Member of Co. B Transferred to Artillery at Camp Mills, Home

William Hardin, Jr., arrived home yesterday from Camp Mills, Mineola, Long Island, having received his discharge on account of physical disability. Young Hardin originally enlisted in Company B, when the national guard company was organized here and was then transferred to Battery B of the One hundred and Fiftieth Field Artillery, commonly known as the "rainbow division." The division is now preparing to leave for France and in the final weeding out process Hardin was rejected. He is the only Rush county boy to be rejected in the latest examination.

WEST FRONT WAR ENTERS NEW PHASE

Continued From Page 1

The plan worked only partly. Then came the battle of Menin Road when the creeping barrage used by the British took the fight out of even the pill boxes. The rain of shells flattened everything. Likewise the same terrible curtain of fire often wiped out Germany's counter attacking troops before they got started.

Such is the fighting today. It is now Hindenburg's move.

VON BUELLOW IN BERLIN

(By United Press) Amsterdam, Oct. 18.—Prince Von Buelow, former chancellor and German ambassador to Italy has arrived in Berlin, dispatches declared today. His visit there caused a revival of the report that he is to succeed Dr. George Michaelis as chancellor.

Winter Underwear and Hosiery

First---Buy a New Liberty Loan Bond

This for the time being is the most important question before us.

Forest Mills
COTTON & WOOL

is made right—by which we mean it embodies the best yarns, materials, trimmings and every improvement that will add to the quality of the finished garment.

Ladies may find any style they may desire—long sleeve, sleeveless, elbow sleeve, knee length or full length, cotton, silk, wool or silk and wool. For the youngsters we show both cotton and wool.

Gordon HOSIERY

is well known for its comfort, quality, perfect fit and beauty. Shown in cotton, wool, fibre silk and pure silk. This make of hosiery has maintained its quality—not caring to sacrifice quality for price.

THE MAUZY COMPANY

Buy a Bond. An opportunity to realize 4 per cent on a duty.

It Can't Be Overdone

BUY LIBERTY BONDS. TALK LIBERTY BONDS. SELL LIBERTY BONDS.

If you have Liberty Bonds, buy more until you feel the pinch, then go out and sell more to other good Americans.

The boys who are in training for our fight, are investing all they can in Liberty Bonds, thereby rendering a further service to us, as well as making the best investment possible.

Money invested in Liberty Bonds pays 4% net, beside it fulfills a duty which has the combined rewards of a good deed and a good investment. The Loan is America's War Answer to Treaties violated, rights denied, fiendish barbarism and threatened invasion.

We recommend them unreservedly as the best investment in the world today. Every Liberty Bond, with the end of the war, is sure to be held at a premium.

to the 139th Machine Gun Battalion. This battalion is made up of what was Companies L and M and Machine Gun Company of the 4th Indiana Infantry, also some Kentucky and West Virginia troops.

Has your little daughter an ample supply of Wash Dresses?

Right at this time, there is hardly a more important question. School means that you must dress her neatly and have her appear as nicely clothed as any of her mates. And while the wash dresses you will find here are at very little cost, they are well made and of fine, strong materials, such as ginghams and chambrays. Very neatly trimmed and in a wide range of styles.

J. P. Scott who was operated on at Sexton's hospital in Rushville several days ago is reported to be doing nicely.

Mr. and Mrs. Linnea Hays motorized to Madison county Sunday to visit Mr. and Mrs. Will Sprong and family.

The C. W. B. M. society met Wednesday afternoon at the home of Mrs. Jessie Morris and a very interesting meeting was held, with Mrs. Morris as leader. Readings were given by Mrs. Fred Bell, Mrs. Edwin Meyer and Mrs. George W. Kemmer. A talk on missionary work was given by Mrs. James Leonard and was very much appreciated.

Music was provided by an Edison.

Mrs. Alva Aiken was a visitor. Refreshments were served by the hostess.

Mr. and Mrs. Samuel Newhouse and family of Rushville were the guests of Mr. and Mrs. Walter Carman and family Sunday.

Mr. and Mrs. John Blessinger entertained at dinner Monday, Mrs. Lambert's Broandike of Toledo, O., Mrs. Robert Bell, Mrs. George Kemmer and Miss Myrtle Jones.

Orange

The Rev. Mr. Payne of Irvington filled his regular appointment at the Christian church Sunday.

The Social Circle ladies met with Mrs. Claude Krammes Thursday afternoon.

A. B. George and daughter Edith spent Saturday in Connersville.

The minstrel show at the auditorium Friday night is expected to be the best thing ever seen here.

Mrs. Ida McKee sold a farm east of here to France Fore of near New Salem Saturday.

"I'll Show You How
Corns Peel Off!"

Ever Peels Banana Skin? That's It!

"I should worry about those corns—I just put some 'Gets-It' on." Corns used to pester the world into a frenzy, enduring pain, digging, slicing toes, tinkering with plasters.

"Gets-It" Puts Your Feet in Clover
—It Ends Corns Quickly.

and tape, trying to fix a corn so it wouldn't hurt. But now no one in the world would put "Gets-It" on, because the moment you put "Gets-It" on, it means the end of a corn.

There is nothing in the world like "Gets-It"—nothing as sure and certain—nothing that you can count on to take off a corn or callus every time, and without danger. The corn never grew that "Gets-It" will not get. It never irritates the flesh, never makes your toe sore. Just two drops of "Gets-It" and presto! the corn-pain vanishes. Shortly you can peel the corn right off with your finger and there you are—corn-free and happy with the toe as smooth and corn-free as your palm. Never happened before, did it? Guess not.

Get a bottle of "Gets-It" today from any drug store, you need pay no more than 25c, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Rushville and recommended as the world's best corn remedy by Hargrove & Mollin and Frank E. Walcott.

164t6

The Willing Workers class provided lunch at Richard Gray's sale southeast of here Tuesday. Good prices were paid for the stuff sold.

Mr. Marshall, who recently sold his farm in this vicinity, has purchased Rolland Murray's farm northeast of Orange.

The Rev. Mr. France will preach at the M. E. church Sunday.

Sumner

Several attended the Quarterly Meeting at the Wesleyan church at Carthage, Saturday and Sunday. The Rev. Walter Thompson presided.

Some people from here attended the home-coming at the Friends' church, at Carthage, Sunday.

Mr. and Mrs. Culley Craig and two sons and Mr. and Mrs. Lon Wilkes and son, of Indianapolis, and Mr. and Mrs. Orville Benefiel and daughter and Mr. and Mrs. James Gulley, were guests of Mr. and Mrs. Marshall Wilkes and family Sunday.

Mr. and Mrs. Bert Fare and family, Mr. and Mrs. Carey Phares, Mr. and Mrs. Will Phares and Mr. and Mrs. Darst Beckner and daughter, Ardith, were visiting Mr. and Mrs. Oliver Swain, Sunday.

Mr. and Mrs. Emerson Barnard have returned from a visit with relatives in Michigan.

Russell Ray met with an accident a few days ago, when a fractious horse caused his arm to be thrown out of place at the elbow.

Mr. and Mrs. O. C. Macy were among the guests who were entertained at dinner, at the home of Miss Ella Wilson, at Rushville Sunday.

The A. W. Riggs pike is now ready for travel, as the bridge over Little Blue River was opened, Tuesday.

Lorin McMichael has purchased an automobile.

Several attended the funeral of Lon Mull, at his residence, in Mankill, Tuesday.

Quick Victory in The
War Will Help Farmers

(By Arthur C. Page, editor of The Orange Judd Farmer.)

So many farmers' boys have joined the military, so many more may be called if the war continues, that our farmers have the keenest of blood interest in securing an early victory. On the economic side, a sure market at fair prices for the produce the farmer has to sell, with reasonable prices for commodities he has to buy, also depends upon a victorious peace.

For these personal and selfish reasons, farmers are vitally interested in the second Liberty Loan. They are ready to subscribe their share, according to their means, now that terms of payment have been made so convenient.

Over and above all other considerations, however, is the farmer's deeply rooted patriotism. His devotion to the American flag was shown by his unlimited sacrifices in the war to preserve the union, and again in the Spanish war, and in these latter days, by the great number of farmers already serving in army and navy. Indeed so many young farmers have been anxious to go to the front that it is now suggested that the rest of them be required to stay at home as food producers. Every dollar that farmers subscribed to liberty bonds now helps by so much to win the war and to clear up labor conditions which are giving farmers so much concern. As an investment the money should be safe and yield a good return free of tax. Important as is such financial profit, it is the lease of the other and more powerful appeals that liberty bonds make to the patriotic farmer, and to every member of his family. As one of them writes: "All that I am or have is thine, Oh my country."

Farm of 73 Acres at Auction! Tuesday, October 23rd

Two and one-quarter miles west of Rushville on the Shelbyville pike, immediately after the personal property is sold. This farm will be sold at auction. I think it to be under as high a state of cultivation as any farm in Rush county, located on prominent road, well fenced, good seven-room house, good barn, silo, five wells of water, well drained, every bit of which is tillable. Free gas in every room of house for heat, cooking and light—in fact everything will be in first class repair.

TERMS—When bid off you will be required to pay \$3,000 in cash, or more if you prefer. Balance of purchase price will be divided in 6 equal yearly payments, drawing 6% interest from date, to be secured by first mortgage. I feel this to be an opportunity of possibly a lifetime for a man with moderate means to buy himself a comfortable home. You have no arrangements to make with any loan company or deferred payments, as to that you will note. I am taking care of you. All you have to do is to lay down the required cash payment and your deeds and transfers will be made to you. So be prepared to take advantage of this opportunity that may never again present itself to you.

GRAND JURY MEETS AGAIN NEXT WEEK

Hears a Number of Witnesses Today Before Adjourning For a Few Days

DRAIN CASE HEARD IN COURT

The grand jury was in session again today and will likely adjourn after tomorrow's session to meet again some time next week to complete its investigations. A number of witnesses were before the grand jury again today.

In circuit court Judge Sparks heard the evidence in the injunction suit against Hal Green brought by William Cross and others. Cross seeks an injunction to compel Green to close an opening in the Cavitte drain now used as a watering place for stock. The defendant admitted that the present opening was not permissible and the ease was based on the right to construct a new opening so as not to hamper the flow of water.

Three tile of the ditch were removed to make the watering place and now Green proposes to replace these tile but construct it so the water can also flow out into a basin and then back into the tile. The court took the ease under advisement.

The ease of William C. White against the T. H. I. & E. traction company was sent here from Shelby county by mistake was striken from the docket and the clerk ordered to return the papers.

Terre Haute—Rents of flats and apartments in Terre Haute have been raised. Real estate men gave as their reasons the high price of coal and the extremely heavy demand for apartments.

DESCRIBES LIFE AT CAMP ROBINSON

Sergeant Joseph P. Wood of Battery A, 8th Field Artillery, Writes Republican.

WANTS TO GET INTO ACTION

Says Camp Sees Some Cold Days and About Two Inches of Snow—Stable Sergeant.

Joseph P. Wood, formerly of this city, now sergeant of Battery A, Eighth Field Artillery, located at Camp Robinson, Wisconsin, in a letter received today describes the camp life as he finds it in the army. His letter follows:

"Our camp is located in the northwestern part of the state, near Sparta. It is a new camp, the First Battalion of the 8th Field Artillery, to which I belong, the Seventeenth Regiment and the Seventh Regiment also being here. We are expecting to get orders to move any time. All of the men are anxious to go, not that we are dissatisfied here, but we want to get into action.

"I have been here since last June, being transferred from the Coast Artillery after being in that branch of the service three months, stationed at Fort Monroe, Va. My part here is stable sergeant, ranking the second non-commissioned officer in the battery.

"Everything is convenient, plenty of good water and our eats are good enough for anyone, if they are not quite so good as we were used to at home. There is a special train to town (Sparta) each evening at 6:30 o'clock, returning to camp at 11 o'clock. We had some pretty cold days last week, with about two inches of snow. There is but little sickness in the camp.

"We have moving picture shows every evening, a nice Y. M. C. A. and plenty of amusements so there is no chance to get lonesome. I get a lot of news from old Rushville by reading the Daily Republican. I receive it every day through the courtesy of my friend, Clyde Newhous.

"I see a lot of my old friends are wearing the uniform. I guess this will be all for this time. Wishing all good luck and hope we get the Kaiser."

Wood was formerly a horse trainer here and because of his past experience, his knowledge of horses is likely being utilized by the army.

HURLED FROM MOTORCYCLE

Henry McDaniel of Near Henderson Suffers Broken Wrist

Henry McDaniel of near Henderson sustained a broken right wrist last night in a fall from a motorcycle when he hit some fresh gravel and lost control of the machine. His brother, Virgil McDaniel, who was riding with him, escaped injury. McDaniel is rather unfortunate with his motorcycle. Last summer he hit a chuck hole in Jersey City and narrowly escaped serious injury.

Amusements

The Princess will show Mary Anderson and Antonio Moreno in "The Magnificent Meddler," for the first picture of tonight's program. It is the story of a breezy young reporter who tried to mould the destinies of a western town and succeeded. In addition to this a patriotic picture on the second Liberty Loan will be shown. Tomorrow House Peters and Myrtle Stedman will be seen in the modern drama, "As Men Love."

The Gem offers Gladys Brockwell in, "Her Temptation," for the program tonight. It is a William Fox feature and is said to tell a wonderful story. Tomorrow Helen Holmes will be seen in the next chapter of, "The Railrider Raiders."

Kendallville—Orville Diggins, 17, killed himself on the day he was to have been married to Pearl Fancher. He gave no reason for the act.

Terre Haute—Sixty stables and sheds were condemned in this city

A. U. S. Bond is Money Bearing 4% Interest

BUY LIBERTY BONDS. If you have bought, buy more, and sell two more bonds to two other good Americans.

Liberty Bonds put your dollars to fighting to make the world safe for Democracy, and pay your dollars for the privilege of fighting. Every spare dollar of every American home should turn itself into Liberty Bonds. Fairness and common sense demand it. They pay 4 per cent interest and you can pay for them on installments: 2% with order; 18 per cent Nov. 15, 1917; 40 per cent Dec. 15, 1917; 40 per cent January 15, 1918.

Go at once and buy a bond at your postoffice, your bank, the nearest department store selling Liberty Bonds, or send to the U. S. Treasury Department.

You can buy bonds as small as \$50 and pay for them by installments. But buy now and as often as you can.

Do all you can to make the world safe for Democracy.
